

SLIPSHOD METHODS USED IN KEEPING CITY ACCOUNTS LEAD TO VERY BAD TANGLE

**A State Examiner Scathingly Criticises the Way
Records Have Been Kept in
Wellsville.**

From a Staff Correspondent.

Columbus, December 2.—Slipshod in the extreme has been the manner in which the accounts of the financial transactions of Wellsville have been kept, according to the report of the examination of the affairs of that city as made to Auditor of State W. D. Guilbert by H. D. Waddell, state examiner. The report truly puts the city in an unenviable light. In marked contrast is another report of an examination at Salem. There it was found business-like methods had been employed. In Wellsville funds were transferred without authority and it was impossible to locate a bond which it was claimed had been paid.

In the city clerk's office, under the incumbency of James McQueen, the examiner found a condition which he criticised as follows:

"I found an unusual condition existing in this office. With the exception of a stub book containing the items of ordinary expenditures for a portion of one year, there were no books or records showing the financial transactions of the city during the term of his service as city clerk. Mr. McQueen collected the rents from the tenants of the city, which were properly covered to the city treasurer as near as I could ascertain from the treasurer's records—not his own accounts."

From the city treasurer's books it was shown that on March 10, 1902, the receipts were \$344,983.50 and expenditures \$245,216.50. Balance in all funds March 16, 1903, was \$99,767.

The amounts due the city from general taxation as certified from the county auditor for year ending March 16, 1903, were properly credited to the

various funds by the city treasurer, Mr. Andrews, with the following exceptions:

The general fund of city, February 23, 1903, was entitled to \$3,139.29, whereas the city treasurer, in addition to this amount, without authority, credited to this fund \$495.44 properly belonging to the police fund, and \$2,337.27 properly belonging to the funds for redemption of water works bonds.

"I was unable to find Tenth street Bond No. 2, which according to the treasurer's books had been paid. Mr. Andrews states that if this cancelled bond cannot be found that he will furnish satisfactory proof that it had been paid when due, June 1, 1902.

"Paying out order No. 132, dated August 2, 1902, for \$157, sewer fund, was incorrectly charged to the general fund.

"In conclusion, I wish to say that the present city auditor, Mr. Charles McGregor, is greatly embarrassed in the proper administration of his office owing to the fact that his predecessor failed to keep proper accounts and records, and I recommend that the city council employ him to enter up in new books all the financial transactions of the city beginning with the balances in the various funds by this report on March 16, 1903.

"The water works and mayor's accounts were not checked up by me. If I have an opportunity hereafter, an examination of these accounts will be made and a supplemental report filed, but if I have not, I recommend that the accounts of these departments for the current year be included in the next regular examination of said city by your department."

POTTERS ELECT OLD OFFICERS

**Manufacturers' Association Completes Its Work
and Calls on the President, Who
Greets All Pleasantly.**

Washington, D. C., December 2.—

(Special.)—The session of the United States Manufacturers' association were resumed again this morning and after some informal discussion the election of officers for the ensuing year took place, which resulted in the reelection of all the old officers, namely: President, Joseph G. Lee, of East Liverpool; vice president, James E. Norris, of Trenton; secretary, Harry A. Keffer, of East Liverpool, and treasurer, George S. Goodwin, of East Liverpool.

A committee was appointed to confer with the customs officials of the treasury department regarding the pottery rates with a view to making such changes as the interests may demand. The meeting then adjourned and, accompanied by ex-representative R. W. Taylor, of Lisbon, about 40 of the delegates called at the white house and

were presented to President Roosevelt by Mr. Taylor.

The president greeted each delegate very cordially and expressed regret that he had not yet had a chance to visit East Liverpool and look into the pottery industry there, as he regarded it as one of the most important in the country. He also expressed regret that he would be unable to attend the banquet of the association tonight, but stated that he had already refused so many invitations that it would not be right for him to accept this one.

This afternoon there will be a joint meeting of the United States Pottery association and the Pottery association, at which the matter of selling prices will be taken up and discussed. Although some of the delegates favor certain changes in the present rates, these will not be of any particular importance. The session closes tonight with the annual banquet at the Raleigh hotel.

DR. M. B. PRATT

IN WASHINGTON

Will Attend the National Anti-Saloon League Convention as a Delegate.

Rev. Dr. Milton Butler Pratt, of the First Methodist church left yesterday for Washington, where he will attend the national convention of the Anti-Saloon league, as one of the delegates from Ohio. He will be absent from the city several days.

It was stated today by friends of the minister that a second offer had been made him by the officers of the league, this time to take up the work in New Jersey. It is also stated that he is considering the offer.

SAULSBERRY WILL OFFER RESIGNATION

The Suspended Officer Concludes That It Will Be Useless to Fight For His Place.

Though the statement was authentically made a few days ago that Frank P. Saulsberry would put up a bitter fight to retain his position on the police force, it is now known that he will make no fight whatever. He will tender his resignation some time this week, and so far as he is concerned will not bother further with the case.

The officer states that it would be useless for him to make an effort to win. He said: "A man is foolish to enter a fight when he knows he is licked. I know that I would be proven guilty, whether I am or not, and I do not propose to give anyone the chance to render a decision against me."

A RICH HARVEST MADE BY THIEVES

Pickpockets Mingled With Basket-Ball Crowd and Took \$300.

ONE MAN LOST \$270

Pickpockets, mingling with the immense crowd at the basket ball game last night, succeeded in relieving unsuspecting victims of at least \$300 and made their escape without even a clue as to their identity. The heaviest loser is John Pollock, of Fourth street, whose pocket book containing \$270 is missing. There is little doubt that his pocket was picked. A traveling man named Poulson, stopping at the Thompson house, reported to Chief Wymann this morning that he had been relieved of a pocket book containing about \$35.

As soon as they were notified the police went to work on the case, but sufficient time has elapsed to permit the culprits to put many miles between them and East Liverpool. It is not at all likely that they will be apprehended.

The light-fingered gentlemen failed with several of the people they attempted to touch, among them Adam Hill, ticket agent here for the C. & P. railroad. There was a crowd around the entrance to the pavilion as Mr. Hill entered and he was jostled and crowded about. While the pressure against him was momentarily relieved he felt a hand in his pocket, and turning caught a good look at the would-be robber. He was above medium height, full-faced and apparently 32 years old. The man realized he had been detected and slunk away before Mr. Hill could reach him.

One of the members of the Pittsburgh party reported that an attempt had been made to steal a diamond shirt from his shirt while entering the pavilion. He felt the hand at his tie in time to prevent the robbery.

As all the attempts occurred after the arrival of the special train it is thought that Pittsburgh talent did the work. From the number of attempts made there were no doubt several pickpockets, and it is likely that they were bold enough to return to Pittsburgh on the special.

The Pittsburgh officials will likely be notified of the occurrence.

K. of P. Election.

The annual election of officers was held by Peabody lodge, K. of P., last night and resulted as follows: Chancellor commander, H. L. Steele; vice chancellor, H. Bowers; master of finance, John Mear; master-at-arms, J. McGonagle; master of work, Noah Yates; master of exchequer, Harry Marshall; inner guard, J. Witley; outer guard, J. Thornley; trustee, Adolph Joseph.

LAW TO STOP BOYS SMOKING

Mayor Wants an End Put to Cigarette Using By Minors Under 16.

THE AID OF THE COUNCIL

May Be Invoked, An Ordinance Passed and the Police Directed to Arrest Boys Caught Smoking—Aroused to Action By a Parent's Appeal.

Having been approached by a number of fathers on the subject, Mayor Weaver is now trying to devise some plan whereby he can prevent boys under 16 years of age from becoming confirmed cigarette fiends. Though there has been no apparent alarm in the city over the question, it is fast becoming a grave one and the hearty co-operation of every parent and others interested in the welfare of the younger generation should assist the chief executive in his endeavor to abolish the terrible habit.

While the boys of East Liverpool addicted to the practice do not number in proportion more than other cities, there are certainly enough of them here and action even to curtail the indulgence would do great good. There are several methods being considered by the mayor to effect the desired end, but it is possible that he will rely on the law to accomplish the purpose. The threats of persons and even the act of applying the rod do not have the effect that follows the edict of an official, when it says that the violators of a named offense shall be arrested and receive a severe sentence.

Believing this to be true the mayor has about decided to ask council to pass an ordinance prohibiting boys under 16 years of age from smoking on the streets, or any other place, for that matter. It is believed if such an ordinance is drafted and passed the boys will to a certain extent stop smoking the vile weed. It is not expected that the ordinance will result in the total abolishment of the practice, but it is believed a certainty that it will do much good. If the law becomes effective, the mayor will have the policemen keep a strict watch for violators and will give them doses that will teach them that they can not disobey the ordinance.

As is well known, it is no uncommon thing to see a boy of 12 years or even younger parading the streets with a cigarette or tobe between his lips. The boys think it is smart and that they are fast becoming men, because they are permitted to do as their elders do. Little they realize how disgusting they are and what the continuance of the habit will lead to. On every side there are pictures of the deplorable side of the practice among the young. It has been proven by eminent professors that cigarettes have a deadening effect on the brain, cause every inveterate user eventually to lose his sense of decency and self-respect, and cigarettes have been known in hundreds of cases to effect one's mind that murder and the basest of crimes are triflingly of by him.

Though the mayor had given the subject much thought beforehand, he was aroused to action by the appeal of a prominent man of the city, who frankly told him that his boy, who is not yet 12 years of age, is a cigarette fiend, and that he believes him to be beyond recall. The parent was much worked up over the matter and prayed that something be done to abate the practice, no difference how radical it must be. He said his boy would come home and lie about smoking, declaring every time that he did not use the deadly mixture. "The boy resorts to scores of methods to fool me," said the father. "I know he smokes but I can not catch him. It is truly hard for me and his mother to know that he has the habit, continuing the practice every day and we unable to stop him. We have tried every conceivable plan, but to no avail. He will sneak off with other boys, come home with the fumes on his clothes and deny strongly ever taking a puff. The most terrible thought of all is that with the habit, he is learning to lie, and will eventually learn the numerous other vices."

The law of the state of Ohio prohibits the sale of tobacco to juveniles and if that provision was enforced in the city the boys would have considerable trouble in getting cigarettes, but to put a restriction on them relative to smoking on the street it is believed will have more effect and it will be given a trial if the ordinance is passed.

MONEY IS READY FOR THE WITNESSES

And They Proceed to Lisbon to Testify in the Brighthouse-Saulsberry Case.

The witnesses subpoenaed to appear before the court at Lisbon today to testify in the case of John Brighthouse versus Frank P. Lisbon, December 2.—(Special.)—Probate Judge Martin will make the memorial address for the lodge of Elks at Massillon next Sunday.

LINE OF ACTION IS MAPPED OUT

Chester Mill Men Will Lay Its Requests Before the Management.

FOR AMALGAMATED SCALE

While there is no local of the Amalgamated association of Iron, Steel & Tin Workers in Chester, the meeting of the employees of the mill in that town, held at Bloom's hall last night, was well attended and will be productive of much good in equalizing wages.

The Chester tin mill has been an independent concern as far as the union is concerned, but the employees have received the union scale in most of the skilled trades. When the late reduction was proposed the workers at the Chester mill were at a loss to determine whether the demand was a just one. Representatives of the craftsmen investigated the matter and the result was most gratifying to all concerned. The workers employed on the hot mills have outlined a mode of procedure which will not work a hardship to the company or the men concerned.

The committee called into the office last Friday was instrumental in having the meeting called for last night, and all the workmen employed on the hot mills were present. This included rollers, doublers, heaters, catchers, roughers and screw boys, about 250 in all. The six trades mentioned are the only ones concerned in any way in the formation of the Amalgamated scale, and therefore of more importance to the men of the Chester plant, since no one, no matter whether he was a member of the union or not, was in favor of accepting a rate of wages which would be lower than that decided upon by the Amalgamated association. Steps had been taken to secure all the information possible concerning the extent of the cut, and how it compares with the proposition laid before the union mills. It was reported at the meeting last night that in some trades the reduction would amount to very little, while in others the cut would be something tremendous.

From those of the workers who had taken the trouble to investigate it was learned that the several scales prevailing in the independent mills were far from satisfactory. For this reason the men employed at the Chester mill resolved to take advantage of this opportunity to equalize the wages and make them conform to the rates adopted by the Amalgamated association.

The meeting was called for 5 o'clock, but it was somewhat later when the men got together, and there followed a general discussion of the situation as it appeared to the craftsmen. The members of the committee, composed of Garrett Jackson, Harry Herbert and Joseph Hogue, who had been called to the office, made a report, and as they were the best posted men in the factory, the workers present took particular account of the disclosures. It was brought out that, according to the present working conditions, there were a number of unequal rates. To be fair, the men in the different trades thought the wages should be made as nearly equal to those of the Amalgamated association as possible, and with that end in view a general committee was appointed to look after the interests of the men in the various departments of the hot mills. Six men—one from each trade—was selected, and they will go to work at once.

The committee has been instructed

ZACH S. ROBISON HAS STILL ANOTHER CHANCE TO GET OUT OF PRISON

**His Attorneys Preparing a Petition In His Behalf
and He May Be Released
Soon.**

Another attempt will be made to secure the release of Zachariah S. Robison, of this city, from the Ohio penitentiary at Columbus. As is well known he is serving a life sentence, having been convicted of murder in the first degree by the courts at Lisbon during the year 1896. Application was made to the pardon board a year ago for his release, but it was turned down and the attorneys, H. E. Grosshans, of this city, and C. C. Connell, of Lisbon, are now preparing to ask a re-hearing and parole of the board. The application will be presented early in January.

Robison's case is one of much interest in this city. The crime proven against him was of murdering his wife in her room at the old Hotel Grand building. A charge of murder was immediately placed against him upon his arrest and when the case was tried before Judge P. M. Smith and he was found guilty, the judge sentenced Robison to be electrocuted. Judge P. C. Young and Attorney Grosshans represented him at the trial and carried the case to the circuit court on error. This court granted the condemned man a new trial and he escaped with a life sentence.

The evidence produced of Robison's guilt was entirely circumstantial. He was married to a woman with a wide reputation as a pedestrian. She was well known in this city, having won many a race in the old Fifth street skating rink. She and Robison came to the city from Pittsburg, where, it seems, she at one time was very intimate with a man by the name of "Chuck" Stewart. It was over a letter written to Stewart by Mrs. Robison that the fatal quarrel started. Robison found the letter at the home

to lay the several requests before the management of the American Tin Plate company at the earliest possible moment, and it is probable a conference will be held with the officials of the Chester branch today.

SHOT A HOLE THROUGH HIS HAND

Salineville Man Meets With An Accident While Cleaning a Revolver.

Salineville, December 2.—(Special.)—Thomas Wheatley, a young man here, accidentally shot himself through the hand last evening while cleaning a revolver. His hand was terribly torn by the bullet, a 32-calibre, which passed through the hand and left a hole large enough to admit three fingers. The bones of three fingers were broken. He hurried to a surgeon's office, where the wound was dressed.

It is likely that his hand will be crippled the rest of his life.

BALL PLAYER IN JAIL

Vasbinder, of Salineville, Went Hunting, Got Fined and Was Unable to Pay.

Lisbon, December 2.—(Special.)—M. C. Vasbinder is in the county jail in default of a \$75 fine and costs, imposed in the court of Justice S. E. McCormick in Washington township, for hunting on the farm of M. A. Adams. Vasbinder was a well known baseball player in Columbiana county within the last few years. He has played in East Liverpool, Lisbon, and other cities as a member of the Seio college team. Vasbinder says he and his companions were not hunting on the Adams farm, but were merely crossing the property.

Killed By a Companion.

Lisbon, December 2.—(Special.)—Coroner D. J. Jones filed with Clerk Hanley yesterday afternoon a report of an inquest on the body of Norman Hill, held in Salem Monday evening. Hill is the youth who was fatally shot while out hunting with companions the other day. The coroner returned a verdict of accidental death from the discharge of a gun in the hands of 12-year-old Charley Bush.

of Stewart in Pittsburg. It contained words of sorrow because she had married Robison, affirming that she loved no one but Stewart.

Upon reading the letter Robison became crazed with anger and hurried to East Liverpool. Arriving here he went directly to the room of his wife and a heated argument soon ensued. There was no one in the room at the time excepting husband and wife, but neighbors heard the loud words of the couple and finally heard them in a general scuffle. While this was going on a revolver shot was heard and investigation proved that Mrs. Robison had been in some way shot. Robison was arrested at once charged with murdering his wife. He protested his innocence and does to this day.

When the case was up for trial the first time Stewart swore that he had not received any letter from Mrs. Robison and had not been in the least intimate with her. This was accepted as the truth and was taken as evidence to prove that Robison was lying about his cause for quarrelling with his wife on the fatal day. However, when the case was carried to the circuit court, Stewart swore that his former testimony was absolutely false and that he had received letters from her. This had bearing enough on the circuit court to grant a new trial.

Robison has been a most exemplary prisoner in the penitentiary. He was very much liked by Warden Darby and is now a favorite among the prison officials. His attorneys have secured letters from all of the jurymen who are now living that found him guilty, recommending a parole and also a letter from Judge Smith to the same effect.

It is thought Robison has a pretty good chance for release now.

OFFICERS ELECTED BY THE GARFIELD CAMP

Sons of Veterans Make Choice of Officials and Discuss Entertainments to Come.

Garfield Camp, Sons of Veterans, last evening elected officers as follows:

Commander, James M. Heckathorn; senior vice commander, M. F. Davis; junior vice commander, W. V. Harris; camp council, W. R. Dawson, H. R. Thompson, D. M. McLane; delegates, S. W. Crawford, S. J. Withrow, Dr. K. C. Willis; alternates, W. H. Foyler, J. Frank Flowers, George Withrow; installing officer, F. W. Timmons.

The installation will be held on the first meeting night in January and will probably be held in conjunction with the installation of the officers of Gen. Lyon post and the Woman's Relief corps. The meeting discussed plans for winter entertainments, which are to take the form of campfires and stag socials.

LETTER CARRIERS

Hold a Meeting, Elect Officers and Transact Other Important Business.

The local division, No. 577, National Association of Letter Carriers, held an important and interesting meeting at its hall last night. There was a good attendance of the members and besides the election of officers other business was transacted. The officers for the ensuing term are:

P. F. McCloskey, president; William Wells, vice president; W. M. Carey, recording and corresponding secretary; John W. Suter, sergeant-at-arms.

Medical Society Meeting.

Lisbon, December 2.—(Special.)—The regular monthly meeting of the Columbiana County Medical society will be held next Tuesday in the rooms of the Lisbon Business association. There will be forenoon and afternoon sessions, the morning session commencing at 10 o'clock. A full attendance is expected, as officers are to be elected for the ensuing year and other business transacted of much importance.

BIGAMY CHARGED

Against a Pennsylvania Man Who Is Under Arrest at Canton.

Canton, December 2.—William T. Hamilton, a carpenter, who came here from Lawrence county, Pa., was locked up on a charge of bigamy and is threatened with another charge of perjury. Wife No. 1 was Lizzie M. Dick, and she says they were married in Lawrence county, Pa., in 1892, and lived there until August, 1901, when he left. Since then she says she has been searching for him.

She arrived here Sunday and found that he was living with wife No. 2, whose maiden name had been Adilla McCall and whom he is alleged to have married in Canton in February, 1902. Wife No. 1 preferred the charge.

May Be Invoked, An Ordinance Passed and the Police Directed to Arrest Boys Caught Smoking—Aroused to Action By a Parent's Appeal.

Having been approached by a number of fathers on the subject, Mayor Weaver is now trying to devise some plan whereby he can prevent boys under 16 years of age from becoming confirmed cigarette fiends. Though there has been no apparent alarm in the city over the question, it is fast becoming a grave one and the hearty co-operation of every parent and others interested in the welfare of the younger generation should assist the chief executive in his endeavor to abolish the terrible habit.

While the boys of East Liverpool addicted to the practice do not number in proportion more than other cities, there are certainly enough of them here and action even to curtail the indulgence would do great good. There are several methods being considered by the mayor to effect the desired end, but it is possible that he will rely on the law to accomplish the purpose. The threats of persons and even the act of applying the rod do not have the effect that follows the edict of an official, when it says that the violators of a named offense shall be arrested and receive a severe sentence.

Believing this to be true the mayor has about decided to ask council to pass an ordinance prohibiting boys under 16 years of age from smoking on the streets, or any other place, for that matter. It is believed if such an ordinance is drafted and passed the boys will to a certain extent stop smoking the vile weed. It is not expected that the ordinance will result in the total abolishment of the practice, but it is believed a certainty that it will do much good. If the law becomes effective, the mayor will have the policemen keep a strict watch for violators and will give them doses that will teach them that they can not disobey the ordinance.

As is well known, it is no uncommon thing to see a boy of 12 years or even younger parading the streets with a cigarette or tobie between his lips. The boys think it is smart and that they are fast becoming men, because they are permitted to do as their elders do. Little they realize how disgusting they appear and what the continuance of this habit will lead to. On every side there are pictures of the deplorable side of the practice among the young. It has been proven by eminent professors that cigarettes have a deadening effect on the brain, cause every inveterate user eventually to lose his sense of decency and self-respect, and cigarettes have been known in hundreds of cases so to effect one's mind that murder and the basest of crimes are committed lightly by him.

Though the mayor had given the subject much thought beforehand, he was aroused to action by the appeal of a prominent man of the city, who frankly told him that his boy, who is not yet 12 years of age, is a cigarette fiend, and that he believes him to be beyond recall. The parent was much worked up over the matter and prayed that something be done to abate the practice, no difference how radical it must be. He said his boy would come home and lie about smoking, declaring every time that he did not use the deadly mixture. "The boy resorts to scores of methods to fool me," said the father. "I know he smokes but I can not catch him. It is truly hard for me and his mother to know that he has the habit, continuing the practice every day and we unable to stop him. We have tried every conceivable plan, but to no avail. He will sneak off with other boys, come home with the fumes on his clothes and deny strongly ever taking a puff. The most terrible thought of all is that with the habit, he is learning to lie, and will eventually learn the numerous other vices."

The law of the state of Ohio prohibits the sale of tobacco to juveniles and if that provision was enforced in the city the boys would have considerable trouble in getting cigarettes, but to put a restriction on them relative to smoking on the street it is believed will have more effect and it will be given a trial if the ordinance is passed.

MONEY IS READY FOR THE WITNESSES

And They Proceed to Lisbon to Testify in the Brighthouse- Saulsberry Case.

The witnesses subpoenaed to appear before the court at Lisbon today to testify in the case of John Brighthouse versus Frank P. Saulsberry, who refused to answer the summons served upon them by the sheriff yesterday, because the witness fees were not guaranteed, were compelled to leave for the county seat this morning, being notified that the money had been placed in the hands of the sheriff to pay them.

Lisbon, December 2.—(Special.)—Probate Judge Martin will make the memorial address for the lodge of Elks at Massillon next Sunday.

LINE OF ACTION IS MAPPED OUT

Chester Mill Men Will Lay Its Requests Before the Management.

FOR AMALGAMATED SCALE

While there is no local of the Amalgamated association of Iron, Steel & Tin Workers in Chester, the meeting of the employees of the mill in that town, held at Bloom's hall last night, was well attended and will be productive of much good in equalizing wages.

The Chester tin mill has been an independent concern as far as the union is concerned, but the employees have received the union scale in most of the skilled trades. When the late reduction was proposed the workers at the Chester mill were at a loss to determine whether the demand was a just one. Representatives of the craftsmen investigated the matter and the result was most gratifying to all concerned. The workers employed on the hot mills have outlined a mode of procedure which will not work a hardship to the company or the men concerned.

The committee called into the office last Friday was instrumental in having the meeting called for last night, and all the workmen employed on the hot mills were present. This included rollers, doublers, heaters, catchers, roughers and screw boys, about 250 in all. The six trades mentioned are the only ones concerned in any way in the formation of the Amalgamated scale, and therefore of more importance to the men of the Chester plant, since no one, no matter whether he was a member of the union or not, was in favor of accepting a rate of wages which would be lower than that decided upon by the Amalgamated association.

Steps had been taken to secure all the information possible concerning the extent of the cut, and how it compares with the proposition laid before the union mills. It was reported at the meeting last night that in some trades the reduction would amount to very little, while in others the cut would be something tremendous.

From those of the workers who had taken the trouble to investigate it was learned that the several scales prevailing in the independent mills were far from satisfactory. For this reason the men employed at the Chester mill resolved to take advantage of this opportunity to equalize the wages and make them conform to the rates adopted by the Amalgamated association.

The meeting was called for 5 o'clock, but it was somewhat later when the men got together, and there followed a general discussion of the situation as it appeared to the craftsmen. The members of the committee, composed of Garrett Jackson, Harry Herbert and Joseph Hogue, who had been called to the office, made a report, and as they were the best posted men in the factory, the workers present took particular account of the disclosures. It was brought out that, according to the present working conditions, there were a number of unequal rates. To be fair, the men in the different trades thought the wages should be made as nearly equal to those of the Amalgamated association as possible, and with that end in view a general committee was appointed to look after the interests of the men in the various departments of the hot mills. Six men—one from each trade—was selected, and they will go to work at once.

The committee has been instructed,

ZACH S. ROBISON HAS STILL ANOTHER CHANCE TO GET OUT OF PRISON

His Attorneys Preparing a Petition In His Behalf and He May Be Released Soon.

Another attempt will be made to secure the release of Zachariah S. Robison, of this city, from the Ohio penitentiary at Columbus. As is well known he is serving a life sentence, having been convicted of murder in the first degree by the courts at Lisbon during the year 1896. Application was made to the pardon board a year ago for his release, but it was turned down and the attorneys, H. E. Grosshans, of this city, and C. C. Connell, of Lisbon, are now preparing to ask a re-hearing and parole of the board. The application will be presented early in January.

Robison's case is one of much interest in this city. The crime proven against him was of murdering his wife in her room at the old Hotel Grand building. A charge of murder was immediately placed against him upon his arrest and when the case was tried before Judge P. M. Smith and he was found guilty, the judge sentenced Robison to be electrocuted. Judge P. C. Young and Attorney Grosshans represented him at the trial and carried the case to the circuit court on error. This court granted the condemned man a new trial and he escaped with a life sentence.

The evidence produced of Robison's guilt was entirely circumstantial. He was married to a woman with a wide reputation as a pedestrian. She was well known in this city, having won many a race in the old Fifth street skating rink. She and Robison came to the city from Pittsburg, where, it seems, she at one time was very intimate with a man by the name of "Chuck" Stewart. It was over a letter written to Stewart by Mrs. Robison that the fatal quarrel started. Robison found the letter at the home

of Stewart in Pittsburg. It contained words of sorrow because she had married Robison, affirming that she loved no one but Stewart.

Upon reading the letter Robison became crazed with anger and hurried to East Liverpool. Arriving here he went directly to the room of his wife and a heated argument soon ensued. There was no one in the room at the time excepting husband and wife, but neighbors heard the loud words of the couple and finally heard them in a general scuffle. While this was going on a revolver shot was heard and investigation proved that Mrs. Robison had been in some way shot. Robison was arrested at once charged with murdering his wife. He protested his innocence and does to this day.

When the case was up for trial the first time Stewart swore that he had not received any letter from Mrs. Robison and had not been in the least intimate with her. This was accepted as the truth and was taken as evidence to prove that Robison was lying about his cause for quarreling with his wife on the fatal day. However, when the case was carried to the circuit court, Stewart swore that his former testimony was absolutely false and that he had received letters from her. This had bearing enough on the circuit court to grant a new trial.

Robison has been a most exemplary prisoner in the penitentiary. He was very much liked by Warden Darby and is now a favorite among the prison officials. His attorneys have secured letters from all of the jurymen who are now living that found him guilty, recommending a parole and also a letter from Judge Smith to the same effect.

It is thought Robison has a pretty good chance for release now.

OFFICERS ELECTED BY THE GARFIELD CAMP

Sons of Veterans Make Choice of Offi- cials and Discuss Entertain- ments to Come.

Garfield Camp, Sons of Veterans, last evening elected officers as follows:

Commander, James M. Heckathorn; senior vice commander, M. F. Davis; junior vice commander, W. V. Harris; camp council, W. R. Dawson, H. R. Thompson, D. M. McLane; delegates, S. W. Crawford, S. J. Witherow, Dr. K. C. Willis; alternates, W. H. Fowler, J. Frank Flowers, George Witherow; installing officer, F. W. Timmons.

The installation will be held on the first meeting night in January and will probably be held in conjunction with the installation of the officers of Gen. Lyon post and the Woman's Relief corps. The meeting discussed plans for winter entertainments, which are to take the form of campfires and stag socials.

LETTER CARRIERS

Hold a Meeting, Elect Officers and Transact Other Important Business.

The local division, No. 577, National Association of Letter Carriers, held an important and interesting meeting at its hall last night. There was a good attendance of the members and besides the election of officers other business was transacted. The officers for the ensuing term are:

P. F. McCloskey, president; William Wells, vice president; W. M. Carey, recording and corresponding secretary; John W. Suter, sergeant-at-arms.

Medical Society Meeting.

Lisbon, December 2.—(Special.)—The regular monthly meeting of the Columbiana County Medical society will be held next Tuesday in the rooms of the Lisbon Business association. There will be forenoon and afternoon sessions, the morning session commencing at 10 o'clock. A full attendance is expected, as officers are to be elected for the ensuing year and other business transacted of much importance.

SHOT A HOLE THROUGH HIS HAND

Salineville Man Meets With An Acci- dent While Cleaning a Revolver.

Salineville, December 2.—(Special.)—Thomas Wheatley, a young man here, accidentally shot himself through the hand last evening while cleaning a revolver. His hand was terribly torn by the bullet, a 32-calibre, which passed through the hand and left a hole large enough to admit three fingers. The bones of three fingers were broken. He hurried to a surgeon's office, where the wound was dressed.

It is likely that his hand will be crippled the rest of his life.

BALL PLAYER IN JAIL

Vasbinder, of Salineville, Went Hunt- ing, Got Fined and Was Unable to Pay.

Lisbon, December 2.—(Special.)—M. C. Vasbinder is in the county jail in default of a \$20 fine and costs, imposed in the court of Justice S. E. McCormick in Washington township, for hunting on the farm of M. A. Adams. Vasbinder was a well known base ball player in Columbiana county within the last few years. He has played in East Liverpool, Lisbon, and other cities as a member of the Selo college team. Vasbinder says he, and has companions were not hunting on the Adams farm, but were merely crossing the property.

Killed By a Companion.

Lisbon, December 2.—(Special.)—Coroner D. J. Jones filed with Clerk Hanley yesterday afternoon a report of an inquest on the body of Norman Hill, held in Salem Monday evening. Hill is the youth who was fatally shot while out hunting with companions the other day. The coroner returned a verdict of accidental death from the discharge of a gun in the hands of 12-year-old Charley Bush.

BIG ORDERS FOR TRENTON.

Trenton, N. J., December 2.—(Special.)—Notwithstanding the retarded condition of the local pottery trade the Bellmark pottery last week succeeded in placing a large government order for sanitary equipments to be installed in the postoffice building in Philadelphia. This is one of the most satisfactory contracts secured by a local pottery in some months. More than 100 closets are included in the order and almost twice as many slabs. These are to be made from the most expensive clays, as per tests which were made by the government experts before the contract was awarded. The Bellmark pottery has done considerable work for the government of late, equipping several postoffices and other public buildings in the west, south and southwest. In all cases hundreds of pieces have been included in the orders.

The 200,000 pieces of dinner ware which is being made by the International pottery for the American army in the Philippines is being turned out with remarkable rapidity and already several consignments have been consigned to the government arsenal at League Island, Philadelphia. While the other potteries are complaining of poor business the International pottery is utilizing its working force in preparing goods for next year's market. The company has never produced anything more artistic than its new handled jardiniere, which will be ready for the trade at the outset of the new year. They are decorated in floral designs which are laid on a background of soft yellow shades which seem to have been gradually absorbed into the body of the ware. The color of the floral designs has also melted into soft blends during the firing.

Isaac W. Nichols, of the International pottery's traveling staff, is seriously ill at his home in this city with typhoid fever. He was stricken while in Wilmington on his way home from a southern trip.

The pottery season is drawing to a close, as is evidenced by the return of the salesmen who left Trenton early in the fall for their annual canvass of the business houses in the east, south and west. Among some of those who have come in off the road are W. Grant Cook, William Scammel, Abe H. Hays, Isaac G. Nichols, W. F. Ellison, James G. Brady and Thomas Downs, who has resigned his position with the John Moses & Sons' company, with whom he was connected for many years. Welling G. Titus, who was one of the batch of traveling men who returned home, started yesterday on a short trip in the interests of the Trenton Pottery company through the east.

HOLIDAY FAVORITES.

Rookwood ware enjoys undiminished demand just now in the New York markets, the rich, warm, mellow tones make its introduction welcome anywhere, and brought out as it now is, in a series of light arrangements, known as "Iris" and "Sea Green," its adaptation to extended color schemes is pronounced. Lately, the mat glaze, in which beauty of texture and variations of color are striking, seems to increase steadily in popularity. A monogram is incised on the bottom of each piece of Rookwood, and the initials of the designers may be found on each article decorated by them. Samson, of Paris, has enriched the Collamore vases with some of his reproductions of clocks manufactured after the models prevailing in the reign of Louis XV, the faces of the time pieces even bearing the name of Leroy, the royal clockmaker of the period. Royal Copenhagen ware is admirably exemplified, and art pieces of modern departure in Delft, Hungarian and French faience may only be mentioned for their beauty and attractiveness among the limitless variety of other products of high fabrications in glass and pottery.

CLARK WAS ROBBED.

C. A. Clark, a pottery worker of this city, is now without an overcoat, gold watch and about \$30 in cash, they having been stolen from a room at the Criterion restaurant Saturday night, says the Sebring News. A transient lodger by the name of Andrew McCormick is also missing and a warrant is in the hands of the city marshal for his arrest on suspicion of being the party who got the goods, but as yet the whereabouts of McCormick are as vague to the official as the wilds of Patagonia. McCormick came to the city Saturday, and being known to some of the boys at the potteries, told a story of hard luck and wished to find work. Clark and Sandy Brown befriended him and took him to the Criterion and secured for him his supper and lodging for the night. About 1 o'clock he arose and the way

MINERVA GIRL

SUES MARRIED MAN

Says He Broke His Contract to Marry Her And Asks \$5,000 Damages.

Minnie Hutchinson, of Minerva, has brought suit for breach of promise in the Carroll county courts against Emerson Hull, of near that town. The petition is rather a sensational one. It is charged that Hull began paying attention to Miss Hutchinson when she was 13 years of age. He was then 21. They had not been keeping company more than a few months until he asked her to marry. She at that time refused to enter into an agreement, stating that she was too young. He continued his attentions and won her love. When she became older he renewed his proposal and was accepted and it was expected upon her part that the marriage would take place at an early date.

Instead of carrying out the agreement to marry, Hull, it is claimed, secretly courted another girl and about a month ago married. His girl love was almost heart broken over his disloyalty and for a time grieved over her trouble. Her sorrow, however, soon turned to anger and she went to see an attorney and laid plans to bring

suit for damages. The petition alleges \$5,000.

When Hull discovered that he was to be sued, he made overtures to settle the case. He first offered \$150 then raised it to \$300, but Attorney J. T. DeFord, who represents the plaintiff, demanded \$1,500, it is said.

Hull is a young man of about 25 years of age. He has no property of his own that would be subject to judgment, but his father is a wealthy farmer and Emerson is the only heir.

HOLIDAY FAVORITES.

Rookwood ware enjoys undiminished demand just now in the New York markets, the rich, warm, mellow tones make its introduction welcome anywhere, and brought out as it now is, in a series of light arrangements, known as "Iris" and "Sea Green," its adaptation to extended color schemes is pronounced. Lately, the mat glaze, in which beauty of texture and variations of color are striking, seems to increase steadily in popularity. A monogram is incised on the bottom of each piece of Rookwood, and the initials of the designers may be found on each article decorated by them. Samson, of Paris, has enriched the Collamore vases with some of his reproductions of clocks manufactured after the models prevailing in the reign of Louis XV., the faces of the time pieces even bearing the name of Leroy, the royal clockmaker of the period. Royal Copenhagen ware is admirably exemplified, and art pieces of modern departure in Delft, Hungarian and French faience may only be mentioned for their beauty and attractiveness among the limitless variety of other products of high fabrications in glass and pottery.

CLARK WAS ROBBED.

C. A. Clark, a pottery worker of this city, is now without an overcoat, gold watch and about \$30 in cash, they having been stolen from a room at the Criterion restaurant Saturday night, says the Sebring News. A transient lodger by the name of Andrew McCormick is also missing and a warrant is in the hands of the city marshal for his arrest on suspicion of being the party who got the goods, but as yet the whereabouts of McCormick are as vague to the official as the wilds of Patagonia. McCormick came to the city Saturday, and being known to some of the boys at the potteries, told a story of hard luck and wished to find work. Clark and Sandy Brown befriended him and took him to the Criterion and secured for him his supper and lodging for the night. About 1 o'clock he arose and the way

MINERVA GIRL

SUES MARRIED MAN

Says He Broke His Contract to Marry Her And Asks \$5,000 Damages.

Minnie Hutchinson, of Minerva, has brought suit for breach of promise in the Carroll county courts against Emerson Hull, of near that town. The petition is rather a sensational one. It is charged that Hull began paying attention to Miss Hutchinson when she was 13 years of age. He was then 21. They had not been keeping company more than a few months until he asked her to marry. She at that time refused to enter into an agreement, stating that she was too young. He continued his attentions and won her love. When she became older he renewed his proposal and was accepted and it was expected upon her part that the marriage would take place at an early date.

Instead of carrying out the agreement to marry, Hull, it is claimed, secretly courted another girl and about a month ago married. His girl love was almost heart broken over his disloyalty and for a time grieved over her trouble. Her sorrow, however, soon turned to anger and she went to see an attorney and laid plans to bring

suit for damages. The petition alleges \$5,000.

When Hull discovered that he was to be sued, he made overtures to settle the case. He first offered \$150 then raised it to \$300, but Attorney J. T. DeFord, who represents the plaintiff, demanded \$1,500, it is said.

Hull is a young man of about 25 years of age. He has no property of his own that would be subject to judgment, but his father is a wealthy farmer and Emerson is the only heir.

ANOTHER SUIT AGAINST CASTO

East End Man Who Left Town Mysteriously Owes Much Money.

J. M. Buckle, the Mulberry street jeweler, the owner of the house on Maple street occupied until a short time ago by George Casto, has entered suit against Casto in the court of Justice Carman for rent and damages, amounting to about \$30. The action was commenced today and as Casto has not been heard from in several weeks and on account of the condition of his affairs, it is predicted that he will not appear to defend himself.

Casto, it will be remembered, left town owing a number of bills, one of them house rent for about two months. Most of his household effects were covered by chattel mortgages and it is to attach the part not so covered that this suit is brought.

One item not mortgaged is a barrel of krait that occupies the front porch at the house. It was stated that the krait was turned over to Mossman Brothers, who had furnished the cage, but they refused to have anything to do with it.

Neither the extent of the injuries nor the extent of the injuries or how they were incurred was stated. Captain Graham was taken to a boarding house in Rochester, where he was made as comfortable as possible.

A later message stated that he had been struck down by a pulley fastened to a rope end and that he had been unconscious for a time. He was on the upper deck directing the movements of his crew when the accident occurred. Captain Graham is well known in the East End and his many friends hope for his speedy recovery.

HOYT COURT TO MEET

Hall Has Been Secured And Meeting Will Be Held Notwithstanding Another Announcement.

Since the announcement was made that the meeting of Hoyt court No. 1101, Princes of the Orient, scheduled for tonight, had been postponed, owing to another order having the hall engaged, an arrangement has been made by which the Princes secure the hall and the meeting will be held. As this is the first meeting since last winter, considerable interest is being manifested, particularly in the initiation of several candidates.

The announcement that a meeting will be held tonight is official and the members should not be confused by any other statements.

A Pleasant Affair.

The reception given last night by Eureka circle, P. H. C., in honor of the degree staff and visitors from Triumph circle of Allegheny was one of the pleasantest affairs in the history of the order. The hall was crowded with guests who greatly enjoyed the drill by the visiting lodge men and the program rendered by local performers. After the exercises the visitors were entertained at supper at the Irwin restaurant on Pennsylvania avenue. The visitors returned on the special train of the Pittsburg basket ball rosters.

Store Changes Hands.

The East End Novelty store changed hands yesterday, J. J. McAllister selling out to W. W. Roach, of Canonsburg. Mr. Roach took possession this morning. He is a former resident of East Liverpool, but has lived lately at Canonsburg. Mr. McAllister will remain in East Liverpool.

Will Attend Farewell.

Rev. J. N. Swan and wife left today for Toronto, where they will attend a farewell reception, tendered to their son-in-law, Rev. J. P. Leyenberger, who is retiring as pastor of the Presbyterian church there. Rev. Mr. Leyenberger has accepted a call to the Third church of Wheeling and will commence his duties on December 20.

EAST END AFFAIRS.

Mrs. Cora Kenney, of First avenue, is moving to Jeannette, Pa. Chief of Police Ferguson, of Wellsburg, was an East End visitor yesterday.

Col. Samuel Dixon, of St. George street, entertained informally last evening for a few of his intimate friends. Frank Pittenger, Will Moore, Fred Sauerisen, Charles and Ed. Prescott were skating yesterday on Little Beaver creek.

William Finney is now safely and snugly ensconced at his newly purchased farm near Hanover, Beaver county, the last load of his household effects having been taken there yesterday by Samuel Searight.

CHICAGO WILL GET NEXT CONVENTION

Republicans Will Meet There Next Year to Nominate Roosevelt.

HANNA ABOUT TO RETIRE

As Chairman of the National Committee, Leaving the Duties of the Position to Other and Younger Men. Political Speculation.

The next national Republican convention will be held in Chicago; the date is to be between June 10 and 20, and Senator Hanna will not again be chosen as chairman of the national committee.

These things may be taken as practically settled. Two of them seem certain, that of the plan for holding the convention and Mr. Hanna's retirement, says a Washington dispatch to the Cleveland Leader. The date will depend somewhat upon conferences held between leaders of congress and members of the national committee when the latter organization meets here next week. The desire is not to hold the convention until after congress adjourns and it is expected to be through by the early part of June. Some date between June 10 and 20 will meet with the approval of the committee, and will, therefore, undoubtedly be selected.

Senator Hanna's retirement will be of his own volition. If he desired to remain at the head of the national organization he could be chosen without opposition. President Roosevelt would like to have him remain there and has said so to Mr. Hanna personally and to friends. But the senator has served as chairman during two great national campaigns. He has done his duty by his party. While not an old man, he has reached the time of life where the desire to lay off, in a measure, the burdens of official care is but natural. To accept the chairmanship again would mean hard work. Other and younger men would be glad to accept the responsibility. The senator will, therefore, step down and let them take hold.

Chicago is to be the choice for holding the convention because it is the logical choice of all the cities mentioned. It has a hall suitable for taking care of a great crowd; its hotel accommodations are sufficient, and it is the most accessible from all parts of the country. Its selection is assured.

While in no way definitely settled, there is a strong probability that Senator Henry Cabot Lodge, of Massachusetts, will be the permanent chairman of the convention. He is a close personal friend of the president, and his selection would, therefore, be agreeable to the chief executive. There is a belief that he will be chosen to preside.

Some comment was stirred up in Washington by the announcement from Ohio that a conference of leading Republicans from that state was to be held in Washington during the week to discuss the question of appointments under the administration of Governor-elect Herrick, and the attitude Ohio will assume in the next Republican national convention.

No such conference will take place. Colonel Herrick will be on next week to attend the meeting of the national committee. He can see Senator Hanna at that time, and talk over with him such matters as are pertinent. Indeed, he and the senator have been in New York together for several days, and the opportunity for an occasional chat has undoubtedly been presented.

There is an understanding that a number of prominent Ohio Republicans will be here at the time the national committee meets, and that affairs in the state will be somewhat gone over then, but any general conference, especially in regard to the appointments under Governor Herrick, is to be delayed until the senator goes home for the Christmas holidays. The announcement also said that Senator Foraker was to be ignored in the conference. A prominent Ohio Republican today said: "If a conference were to be called you may be sure that Mr. Foraker would be invited to be present."

OIL MEN JUBILANT OVER NEW STRIKES

The Sugar Grove Field Near Empire Has Some Remarkably Good Wells.

Toronto, December 2.—Interest and activity in the Sugar Grove oil field, near Empire, has been renewed and today all is bustle, bustle and excitement in that field. The occasion of the renewed activity is due to the big showing made in two wells thought to

be dry and which were yesterday morning drilled into the second pay oil sand with surprising results. Three weeks ago Jennings Brothers drilled what was reported to be a dry hole on the No. 2 Smith and Crawford and the Knox Oil and Gas company another one on the Wilkinson farm, the limits of the field, were thought to be defined and operators lost faith in that territory. The two "dry" holes are fully a mile apart and the No. 1 Wilkinson is due southwest of the No. 2 Smith.

After a consultation it was decided to make one more attempt to strike oil before the field would be condemned and abandoned. The drillers again went to work yesterday morning and struck the second pay sand. Both wells commenced to flow strong and while the output of the wells is carefully guarded, it is believed that both are gushers and that the No. 2 Smith will make a 100-barrel well.

Oil men holding leases in the Sugar Grove field are jubilant over the big strike made and six new locations for wells were made today and drilling will begin at once.

Throughout the field, the greatest excitement prevails and leases have suddenly taken a wonderful jump in value. What was thought to be almost worthless land for oil is now held at a high figure.

The entire field is practically controlled by Jennings Brothers, C. M. Crawford, and William Freudenberger, who hold the bulk of the leases. The following locations for new wells were made Tuesday: Jennings Brothers; No. 2 Wilcox; No. 3 Smith; No. 1 Winn; Crawford and Knox Oil and Gas company; No. 2 Wilkinson; William Freudenberger; No. 2 Fitzpatrick; and No. 1 Gladden. Other locations are to follow and the next few weeks promise to see operations renewed all over the field.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:
"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

F. E. KENAH.

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rose Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:
"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I

bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.
"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Rose Gerbing.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Robert Ceas, the 10-year-old son of Adelbert Ceas, was drowned in the Mahoning river at Niles, breaking through the ice.

Jacob Hinds and Jerre Arnold had a boxing match at Cadiz Junction. Hinds was whipped, and followed Arnold, shooting him fatally.

Mrs. Mary Harper, one of the oldest residents of Washington township, died at the home of her daughter, Mrs. Hannah Riley, recently. She was 76 years of age and highly respected.

George C. Hann, proprietor of the Bon Ton store, Toronto, made an assignment to Squire John H. Paisley for the benefit of his creditors. The assets are \$1,500 and the liabilities \$700.

Tom and Fred Carr, of Orangeville, Trumbull county, lie at the point of death, the victims of an unknown assailant. They were driving home from Greenville when a stranger drove up behind and shot them.

Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and laryngitis because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong, of Delta, Tex., prescribes it daily and says there is no better cough remedy made. Sold by Alvin H. Bulger (only).

CHICAGO WILL GET NEXT CONVENTION

Republicans Will Meet There Next Year to Nominate Roosevelt.

HANNA ABOUT TO RETIRE

As Chairman of the National Committee, Leaving the Duties of the Position to Other and Younger Men. Political Speculation.

The next national Republican convention will be held in Chicago; the date is to be between June 10 and 20, and Senator Hanna will not again be chosen as chairman of the national committee.

These things may be taken as practically settled. Two of them seem certain, that of the plan for holding the convention and Mr. Hanna's retirement, says a Washington dispatch to the Cleveland Leader. The date will depend somewhat upon conferences held between leaders of congress and members of the national committee when the latter organization meets here next week. The desire is not to hold the convention until after congress adjourns and it is expected to be through by the early part of June. Some date between June 10 and 20 will meet with the approbation of the committee, and will, therefore, undoubtedly be selected.

Senator Hanna's retirement will be of his own volition. If he desired to remain at the head of the national organization he could be chosen without opposition. President Roosevelt would like to have him remain there and has said so to Mr. Hanna personally and to friends. But the senator has served as chairman during two great national campaigns. He has done his duty by his party. While not an old man, he has reached the time of life where the desire to lay off, in a measure, the burdens of official care is but natural. To accept the chairmanship again would mean hard work. Other and younger men would be glad to accept the responsibility. The senator will, therefore, step down and let them take hold.

Chicago is to be the choice for holding the convention because it is the logical choice of all the cities mentioned. It has a hall suitable for taking care of a great crowd; its hotel accommodations are sufficient, and it is the most accessible from all parts of the country. Its selection is assured.

While in no way definitely settled, there is a strong probability that Senator Henry Cabot Lodge, of Massachusetts, will be the permanent chairman of the convention. He is a close personal friend of the president, and his selection would, therefore, be agreeable to the chief executive. There is a belief that he will be chosen to preside.

Some comment was stirred up in Washington by the announcement from Ohio that a conference of leading Republicans from that state was to be held in Washington during the week to discuss the question of appointments under the administration of Governor-elect Herrick, and the attitude Ohio will assume in the next Republican national convention.

No such conference will take place. Colonel Herrick will be on next week to attend the meeting of the national committee. He can see Senator Hanna at that time, and talk over with him such matters as are pertinent. Indeed, he and the senator have been in New York together for several days, and the opportunity for an occasional chat has undoubtedly been presented.

There is an understanding that a number of prominent Ohio Republicans will be here at the time the national committee meets, and that affairs in the state will be somewhat gone over then, but any general conference, especially in regard to the appointments under Governor Herrick, is to be delayed until the senator goes home for the Christmas holidays.

The announcement also said that Senator Foraker was to be ignored in the conference. A prominent Ohio Republican today said: "If a conference were to be called you may be sure that Mr. Foraker would be invited to be present."

OIL MEN JUBILANT OVER NEW STRIKES

The Sugar Grove Field Near Empire Has Some Remarkably Good Wells.

Toronto, December 2.—Interest and activity in the Sugar Grove oil field, near Empire, has been renewed and today all is hustle, bustle and excitement in that field. The occasion of the renewed activity is due to the big showing made in two wells thought to

be dry and which were yesterday morning drilled into the second pay oil sand with surprising results. Three weeks ago Jennings Brothers drilled what was reported to be a dry hole on the No. 2 Smith and Crawford and the Knox Oil and Gas company another one on the Wilkinson farm, the limits of the field, were thought to be defined and operators lost faith in that territory. The two "dry" holes are fully a mile apart and the No. 1 Wilkinson is due southwest of the No. 2 Smith.

After a consultation it was decided to make one more attempt to strike oil before the field would be condemned and abandoned. The drillers again went to work yesterday morning and struck the second pay sand. Both wells commenced to flow strong and while the output of the wells is carefully guarded, it is believed that both are gushers and that the No. 2 Smith will make a 100-barrel well.

Oil men holding leases in the Sugar Grove field are jubilant over the big strike made and six new locations for wells were made today and drilling will begin at once.

Throughout the field, the greatest excitement prevails and leases have suddenly taken a wonderful jump in value. What was thought to be almost worthless land for oil is now held at a high figure.

The entire field is practically controlled by Jennings Brothers, C. M. Crawford, and William Freudenberger, who hold the bulk of the leases. The following locations for new wells were made Tuesday: Jennings Brothers; No. 2 Wilcox; No. 3 Smith; No. 1 Winn; Crawford and Knox Oil and Gas company; No. 2 Wilkinson; William Freudenberger; No. 2 Fitzpatrick, and No. 1 Gladden. Other locations are to follow and the next few weeks promise to see operations renewed all over the field.

HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

"I now have the greatest faith in Peruna."

F. E. KENAH.

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rosa Gerbing is a popular society woman of Crown Point, Ind., and she writes the following:

"Recently I took a long drive in the country, and being too thinly clad I caught a bad cold which settled on my lungs, and which I could not seem to shake off. I had heard a great deal of Peruna for colds and catarrh and I

bought a bottle to try. I am pleased that I did, for it brought speedy relief. It only took about two bottles, and I considered this money well spent.

"You have a firm friend in me, and I not only advise its use to my friends, but have purchased several bottles to give to those without the means to buy, and have noticed without exception that it has brought about a speedy cure wherever it has been used."—Miss Rosa Gerbing.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

for Tuberculosis Patients.

Columbus, December 2.—(Special.)

—The outdoor camp established last

summer for patients of the Colum-

biana state hospital who were suffering

with tuberculosis has attracted so

much attention over the state that

the reports made by Superintendent

Stockton and the board of trustees re-

garding the success of the experiment

will be read with much interest.

Superintendent Stockton says:

"Statistics show that 37 patients

died from tuberculosis at the institu-

tion during the past year. Overcrowd-

ing, which has been necessary for

several years, is believed to contrib-

ute to the spread of this disease. Of

22 women receiving treatment in the

camp, 22 gained in weight.

"The out-of-door treatment is cred-

ited with the following results: It

removed from the over-crowded wards

36 patients and decreased the danger

of spreading the disease by the in-

fectious sputa; the mode of life is

more pleasant and was much ap-

preciated; they were benefited both

physically and mentally; 22 cases gained

an average of 9.7 pounds; four far

advanced cases died in camp."

In its report to Governor Nash

the board of trustees says:

"During the past summer and fall a

number of patients suffering from tu-

berculosis were kept in tents, the same

being placed in the rear of the hos-

pital building, where they were made

TRADES UNION LABEL COUNCIL

WEDNESDAY, DECEMBER 2, 1903.

The course of President Roosevelt

in the Panama matter was an obedi-

ence of the "higher law" of national

defense and self-preservation. In this

respect it was in line with Jefferson's

buying foreign territory despite his be-

lieve that he had no constitutional au-

thority to do so; with Madison's telling

Spain she must not sell Florida to any

other power, which had not a shadow

of warrant in international law; and

with Monroe's statement to all Euro-

pean nations that they must keep hands

off the American continent—a declara-

tion based on force, not law nor com-

ity. All three of these presidents did

these things because they were neces-

sary for our self-defense against fu-

ture trouble and complications. Rose-

velt had the "horse sense" to recog-

nize a golden opportunity when he saw

it, and is to be commended for it. The

act needs no defense. It is its own

justification.

If Mayor Weaver, the city council,

or anybody else, can do anything to-

ward abolishing or mitigating the evil

of cigarette smoking among the youth

of this city he or they will earn the

lasting gratitude of every friend of

the rising generation. The query,

What has become of the recently for-

med anti-cigarette leagues? naturally

suggests itself. Such leagues are ca-

pable of noble work, and everybody

would be glad to see them flourish.

Perhaps General Wood would find his

path smoother if he were a West

Pointer. Jealousy of civilians who

rise is not by any means an unknown

quantity among the regulars in the

army.

The killing of a Salem boy by a

companion only 12 years of age is

another strong argument in favor of

the wisdom of keeping boys and fire-

arms as far separated as possible.

"The bribe-giver and the bribe-taker

THROAT EASE

If you have a delicate throat now is the time when you particu- larly want something to keep it comfortable. Sudden changes in temperature or ex- posure to chilly winds and dampness may start you cough- ing. At the first sign of trouble you should use Craig's Hore- hound, Tar and Wild Cherry. It quickly quiets that raw, sore feeling in the throat, and if you take it faithfully it will heal the inflamed surfaces.

It has been used by grown people and by children, and our customers speak well of it. In fact, many of them think of it as soon as a cough troubles them. 25c and 50c.

Columbus State Hospital Trustees Fav-

or Erection of Cottage Especially

for Tuberculosis Patients.

Columbus, December 2.—(Special.)

—The outdoor camp established last

summer for patients of the Colum-

buss state hospital who were suffering

with tuberculosis has attracted so

much attention over the state that

the reports made by Superintendent

Stockton and the board of trustees re-

garding the success of the experiment

will be read with much interest.

Superintendent Stockton says:

"Statistics show that 37 patients

died from tuberculosis at the insti-

tution during the past year. Overcrowd-

ing, which has been necessary for

several years, is believed to contrib-

ute to the spread of this disease. Of

22 women receiving treatment in the

camp, 22 gained in weight.

"The out-of-door treatment is cred-

ited with the following results: It

removed from the over-crowded wards

36 patients and decreased the danger

of spreading the disease by the in-

fectious sputa; the mode of life is

more pleasant and was much ap-

preciated; they were benefited both

physically and mentally; 22 cases gained

an average of 9.7 pounds; four far

advanced cases died in camp."

In its report to Governor Nash

the board of trustees says:

"During the past summer and fall a

number of patients suffering from tu-

berculosis were kept in tents, the same

being placed in the rear of the hos-

pital building, where they were made

very comfortable, and a number of

them made constant improvement dur-

ing the time they remained out of

doors.

"The superintendent is of the opin-

ion that this mode of treating that

class of patients is correct in practi-

cal results and should be further ex-

tended during the coming year. The

legislature will be called upon to make

an appropriation for the treatment

of tubercular patients.

"The erection of a building for this

purpose would greatly enhance the ef-

iciency of the entire institution, as it

is clearly demonstrated that patients

with this dreaded and increasing dis-

ease should be separated from the

other patients in the institution in

care and treatment.

"We call attention to the report of

the superintendent upon this particu-

lar subject and we urge an appropri-

ation to be made by the legislature

to erect a suitable building for the

care of this class of patients, believ-

ing that the time has come when patients

suffering from this disease should

have separate and distinct treatment

from the other class of patients in the

institution."

SENT BLOODY FINGER

General Bell Gets Growsome

Letter Warning Him to

Withdraw Troops.

EARS AND HEAD WILL FOLLOW

Believed to Be a Hoax—Matter Turned

Over to Postoffice Authorities—Min-

ers' Executive Committee Advises

Men to Remain in Telluride.

Denver, Dec. 2.—It has developed that the bloody finger came from the office of a local surgeon, and it is charged that it was sent to General Bell as a joke by certain newspaper reporters. General Bell issued a state- ment in which he declares that he has placed the matter in the hands of the postal authorities and that no effort will be spared to secure the apprehen- sion and punishment of the parties re- sponsible.

Denver, Dec. 2.—Adjutant General Sherman Bell received from Telluride the following letter wrapped around a human finger:

General Bell—We send you the finger of a man who disappeared from Telluride some time ago. His ears will follow and then his head. If his friends want to see him again in any other way but the way we send him, you have got to do one thing. We only want you to withdraw the troops from Telluride at once. If you don't you will receive his ears in a few days. Don't try to flout us, for it is not in the power of a tin soldier to do it. S. D.

A physician who examined the finger pronounced it the ring finger from the right hand and said it was evi- dently cut off shortly before the let- ter was mailed, as the blood stains on the letter bore evidence of being fresh and the blood on the finger hardly dry.

Will Try to Trace Author.

After conferring with Governor Pea-

boddy, General Bell turned the letter

over to the postoffice inspectors, who

will endeavor to trace the author. It

is generally believed at the capital

that the matter was intended as a

hoax.

The executive board of the Western

Federation of Miners, in session in

this city, sent the following telegram

WELLSVILLE

THE CITY COUNCIL TALKED FINANCE

Finally Passed Appropriation Ordinance After Many Objections.

ONE ITEM STRICKEN OUT

It Related to Money For Fixtures in the Postoffice and Was Opposed By O'Grady—Street Railway Must Pay Assessment.

Wellsville city council held an interesting meeting last evening. The finance committee ordered rent and salary bills paid.

An ordinance assessing property holders abutting on Eve alley was passed on suspension of the rules. The cost of the improvement was \$361.09. The amount was borrowed from the Silver Banking company in anticipation of the collection of the special assessments levied on property owners on the alley.

The board of health, through its clerk, E. C. Taylor, asked for an appropriation of \$225, to pay outstanding bills, or for \$300, which amount will run the board until January 1, 1904. The request was granted.

H. S. Rinehart asked council to provide for the payment of \$105 due him as the 5 per cent held back on the paving of Steubenville street. The matter was referred to the board of public service for investigation.

A lengthy discussion arose over the request of A. E. Freshwater that his claim of \$1,173 for final estimate on Liverpool street paving be paid. Council disliked to borrow the necessary money, since the assessments have not all been paid, and it is stated that the United Power company owes the city as its part of the assessment on this street the sum of \$1,485. Drastic measures to collect this amount were suggested, such as revoking the franchise, levying on a street and tying up the road, sending a special collector, etc.

SIGNED BOND PROTECTS YOU

Mi-na Costs You Nothing If It Fails to Restore Health, Says Will Reed.

The poor, thin, emaciated dyspeptic, when he becomes plump, rosy and robust, after using Mi-na, forgets that there is such a thing as indigestion.

This treatment is entirely different from any other medicine or treatment for dyspepsia. It is so different and uniformly successful that Will Reed wants every reader of the News Review to take Mi-na for a month at his risk.

In order that there may be no misunderstanding, he will give the following signed bond with every package:

GUARANTEE BOND.
I hereby agree to refund the price paid for Mi-na, if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles.

WILL REED.
You will be your own judge as to whether you pay for Mi-na or not. Simply leave 50c on deposit with Will Reed, getting his signed bond which will protect your deposit.

This remarkable flesh-forming food is assimilated as soon as it is taken into the stomach, produces good, rich blood, tones up the weakened digestive organs and makes permanent cures in the worst cases of dyspepsia.

You certainly can afford to start using Mi-na today when Will Reed takes all the risk of giving satisfaction.

THE OLD RELIABLE

Absolutely Pure
THERE IS NO SUBSTITUTE

suggested, such as revoking the franchise, levying on a street and tying up the road, sending a special collector, etc.

A motion was passed to notify the United Power company to pay the assessment at once, or its franchise would be revoked.

Provision was made for the payment of part of Freshwater's bill by warranting the auditor to issue his warrant for \$480 from the special refunding fund, and the balance will be paid when the special assessments are paid.

The board of public service asked for an appropriation of \$513 to build a retaining wall in front of the property of John A. Joseph, this being rendered necessary by a change of grade on Clark avenue, resulting in a damage to his property.

Mr. Joseph stated that he was willing to accept the amount, \$513, in lieu of the wall, and the auditor and solicitor were instructed to enter into a contract with him by which in consideration of \$513 he relinquishes all claims for damages against the city.

The board of service asked for \$666 to pay the first installment of the assessment levied against Spring Hill cemetery for the paving of Spring Hill avenue. Council decided, since there is about \$900 in the cemetery fund and no claims against it, to refer the matter back to the board, with the recommendation that the board pay the assessment out of funds now held by them.

The sum of \$212.40 was appropriated for taking care of storm sewer at Ninth and Main streets, and \$171.60 for expenses incurred in making changes in the postoffice room.

Appropriations for the payment of the janitor's salary and the building of short lines of sewer in different parts of the city were not allowed.

The sum of \$558.40 was appropriated to build a tool house according to plans and specifications.

An ordinance appropriating the various sums was finally brought up for passage. The vote stood: Ayes—Shoub, Joseph, Anderson, Blackburn, McDonald; nay, O'Grady. This vote defeated the ordinance and thus all appropriations were held up. Mr. O'Grady had voted against the appropriations for fixtures in the postoffice and the building of the tool house. He, however, withdrew his objections to the tool house, but held out against the allowing of the postoffice appropriation, and the other members foreseeing that they could not pass the appropriation ordinance under the suspension of rules without O'Grady's vote, rather than longer delay the payment of just bills and claims, reluctantly consented to allow the postoffice appropriation to be stricken out and on a reconsideration the appropriation ordinance was passed.

Auditor McGregor reported that Inspector Waddell, who was sent here from Columbus to inspect the accounts of the city, passed a very high compliment on the condition of Treasurer Andrews' books, only one slight error being found. The inspector said that Mr. Andrews' books were a model of neatness and among the best he has examined in the state.

Council voted to send Auditor McGregor to the meeting of the various city auditors in Columbus in February.

ROAD TO IRONDALE

A Part of the Plan For Extension of the East Liverpool Street Railway.

In regard to the proposed construction of the street railroad between Empire and the Columbiana county line, Commissioner Kerr, of Jefferson county, says everybody in the upper end of the county favor the construction of the road. People go mostly to Wellsville now and its construction will give them a chance to come more frequently. He says the company proposed to make the county road a much better and wider one than at present. They offered to give a bond so that if at any time the road was piked they would agree to do their share of the work.

Mr. Kerr says the people in the upper end have poor accommodations to Steubenville on account of there only being on train a day from Irondale and it does not give Irondale people an hour and a half there. The street railway company says it is part of its plan to construct a road to Irondale in time.

Improved Fire System.

William S. Aungst, chief of the fire department of Alliance, and Richard E. White, of Dayton, representing the Larkins Manufacturing company, of Dayton, were in conference with the board of public safety yesterday in regard to the betterment of the fire and police system in Wellsville. The same system in use in Salem and Alliance will be established in Wellsville.

Closed for Repairs.

The McLain Fire Clay company's works, known as the Buckeye, have shut down for two weeks for repairs. They are putting in new clay grinding machinery and also erecting two new kilns.

WELLSVILLE SHORT STORIES.

J. F. Dorsey, of Eighteenth street, is ill.

Charles Deidrick has resigned as a brakeman on the C. & P.

Harry Barto, of Fourteenth street, is visiting his parents at Beaver, Pa.

Mrs. Howard Snively, of Commerce street, has returned home from Carrollton, after a three weeks' visit.

Harry Grafton has returned from Los Angeles, Cal., where he has been in search of health for some months.

Mr. and Mrs. Will Whitten, of Youngstown, are guests of the former's parents, Mr. and Mrs. Edward Whitten, of Broadway.

W. T. Smith, who is employed on the Cleveland local run, had an arm badly injured while coupling a car at Salineville. He was taken yesterday to a Pittsburgh hospital for treatment.

Mrs. Ed Fuller, near Sixteenth street, lost a valuable watch at night while alighting from a street car. She went next morning to where she alighted and found her watch lying in the snow.

Foreman Norazon, of the engineering department of the C. & P., says business has decreased one-half in the trade department and in consequence a number of crews have been laid off of late.

M. Koon, of lower Main street, who was down the Ohio on the steamer J. C. Risher, has returned from Cincinnati. The steamer on her up trip is laid up at Sistersville, W. Va. He reports that the fleet got through to Cincinnati and Louisville without accident.

SOUTH SIDE

CHESTER WILL HAVE A FIRE DEPARTMENT

ORGANIZATION OF VOLUNTEERS NOT GIVEN UP.

Meeting Called for Saturday Evening When the Company Will Be Duly Organized.

But little has been said recently relative to the formation in Chester of a volunteer fire department, but it must not be reckoned that the project has been abandoned. As a matter of fact the organization of such a society is uppermost in the minds of nearly every resident of the town, and the truth of this assertion can be better appreciated when it is known that the leaders of the movement have called a meeting for Saturday evening at the town hall, at which time it is proposed to put the finishing touches to the organization.

It may have occurred to some that because there were objections to the council closing the contract for a water system for the town of Chester, the idea of perfecting a volunteer fire department had been given up. To all persons laboring under this delusion it might be well to say there will be a fire department in Chester, and it will be an organization which is certain to be a credit to the men composing it, as well as an institution of which the town may well be proud. It will be remembered that following the last meeting held by the men of Chester looking to the organization of a volunteer department, a list of names were sent to the county clerk at New Cumberland—a formality, by the way, which the law requires—and the parties promoting the scheme have merely been awaiting a reply from that official. The answer is said to have arrived and is now in the hands of the proper authorities at Chester.

It is now proposed to go right ahead with the organization and nothing will be omitted which will add to its influence and efficiency. The original plans have been altered but little, and it is still the intention to have two branches of the company—one in the upper end of the town, with headquarters at some point near the street railway car barns and another in the vicinity of Carolina avenue and Second street. A large number of men have signified their willingness to assist in the work, and from this number two thoroughly competent companies will be formed. The number of available men is far in excess of the requirements, so the promoters may have a pick and choice. Each branch is to have a head, and these captains in turn will be under direction of a chief. This latter officer, it is thought, should be selected by the men who will constitute the companies and then confirmed by the council. When the plans have been worked out it is certain the department will be a credit to the town.

Meantime the town council will go right ahead with the contract for a water supply, and there is no doubt that the new fire department will be given all the encouragement it needs from the city dads. The meeting on Saturday night will be well attended, and when it has adjourned the organization will be ready to proceed with the work in hand.

ANNUAL BANQUET OF THE EAGLES

A FIRST-CLASS AFFAIR, ENJOYABLE THROUGHOUT.

About 200 Guests Participated—Music, Speaking And Dancing Were Features.

Everything in the world to eat, the best music ever played and all the features incident to such an occasion in perfect harmony, made the first annual banquet of the Eagles, given last night in the beautiful rooms of the lodge on Market street, one of the most notable social functions of the season. From 9 o'clock until early this morning more than 200 people enjoyed the brilliant festivities, and when all departed words were inadequate to express their appreciation of the hospitality extended them.

Dancing, which was the principal diversion, was discontinued at 11 o'clock to allow the guests, composed mostly of ladies and members of the order not on the catering committee, to partake of a repast unexcelled for both quality and quantity. While the joyous crowd feasted at the festal board selections rendered by the orchestra added to the pleasure, and when the elaborate luncheon was finished the time was most appropriate for the toasts. Worthy President Henry E. Bullock, who had welcomed the crowd in his characteristic manner, which is ever agreeable, acted as an efficient toastmaster and called upon Worthy Chaplain Criss McConnell and Trustee C. G. Byron to respond. The two gentlemen covered themselves with glory, making hits with the ladies. Mr. McConnell spoke on "Fraternalism," and handled the toast admirably. Mr. By-

ron spoke about "The Ladies," and his remarks, overflowing with wit and humor, were highly appreciated. The luncheon and toasting concluded, the merry crowd adjourned again to the dancing parlor and continued the enjoyable pastime for several hours. To George Parry and 10 others the order extended thanks for the sumptuous repast and for the music McGraw's orchestra received the praise.

ODD FELLOWS SELECT ROCK SPRINGS PARK

Will Hold Their Next District Picnic At That Resort on June 15.

The representatives of the Odd Fellows lodges, who assembled at Steubenville last evening for the purpose of arranging for a mammoth picnic, selected Rock Springs park as the place and fixed June 15 as the date. About a dozen lodges were represented and pledges of support from others were received. The picnic is to include all the lodges in the Ohio Valley and will be a mammoth affair.

George H. Owen, of the local lodge, was continued as chairman of the picnic committee, and it was through his efforts that the picnic was secured for the local park. He was given power to name the different sub-committees and he will do so at the proper time. The reception committee is to consist of members of the East Liverpool and Wellsville lodges.

The board of health, through its clerk, E. C. Taylor, asked for an appropriation of \$225, to pay outstanding bills, or for \$300, which amount will run the board until January 1, 1904. The request was granted.

H. S. Rinehart asked council to provide for the payment of \$105 due him as the 5 per cent held back on the paving of Steubenville street. The matter was referred to the board of public service for investigation.

A lengthy discussion arose over the request of A. E. Freshwater that his claim of \$1,173 for final estimate on Liverpool street paving be paid. Council disliked to borrow the necessary money, since the assessments have not all been paid, and it is stated that the United Power company owes the city as its part of the assessment on this street the sum of \$1,485. Drastic measures to collect this amount were suggested, such as revoking the franchise, levying on a street and tying up the road, sending a special collector, etc.

A motion was passed to notify the United Power company to pay the assessment at once, or its franchise would be revoked.

Provision was made for the payment of part of Freshwater's bill by authorizing the auditor to issue his warrant for \$480 from the special refunding fund, and the balance will be paid when the special assessments are paid.

The board of public service asked for an appropriation of \$513 to build a retaining wall in front of the property of John A. Joseph, this being rendered necessary by a change of grade on Clark avenue, resulting in a damage to his property.

Mr. Joseph stated that he was willing to accept the amount, \$513, in lieu of the wall, and the auditor and solicitor were instructed to enter into a contract with him by which in consideration of \$513 he relinquishes all claims for damages against the city.

The board of service asked for \$666 to pay the first installment of the assessment levied against Spring Hill cemetery for the paving of Spring Hill avenue. Council decided, since there is about \$900 in the cemetery fund and no claims against it, to refer the matter back to the board, with the recommendation that the board pay the assessment out of funds now held by them.

The sum of \$212.40 was appropriated for taking care of storm sewer at Ninth and Main streets, and \$171.60 for expenses incurred in making changes in the postoffice room.

Appropriations for the payment of the janitor's salary and the building of short lines of sewer in different parts of the city were not allowed.

The sum of \$558.40 was appropriated to build a tool house according to plans and specifications.

An ordinance appropriating the various sums was finally brought up for passage. The vote stood: Ayes—Shoub, Joseph, Anderson, Blackburn, McDonald; nay, O'Grady. This vote defeated the ordinance and thus all appropriations were held up. Mr. O'Grady had voted against the appropriations for fixtures in the postoffice and the building of the tool house. He, however, withdrew his objections to the tool house, but held out against the allowing of the postoffice appropriation, and the other members foreseeing that they could not pass the appropriation ordinance under the suspension of rules without O'Grady's vote, rather than longer delay the payment of just bills and claims, reluctantly consented to allow the postoffice appropriation to be stricken out and on a reconsideration the appropriation ordinance was passed.

Auditor McGregor reported that Inspector Waddell, who was sent here from Columbus to inspect the accounts of the city, passed a very high compliment on the condition of Treasurer Andrews' books, only one slight error being found. The inspector said that Mr. Andrews' books were a model

of neatness and among the best he has examined in the state.

Council voted to send Auditor McGregor to the meeting of the various city auditors in Columbus in February.

CHESTER WILL HAVE A FIRE DEPARTMENT

ORGANIZATION OF VOLUNTEERS NOT GIVEN UP.

Meeting Called for Saturday Evening When the Company Will Be Duly Organized.

But little has been said recently relative to the formation in Chester of a volunteer fire department, but it must not be reckoned that the project has been abandoned. As a matter of fact the organization of such a society is uppermost in the minds of nearly every resident of the town, and the truth of this assertion can be better appreciation when it is known that the leaders of the movement have called a meeting for Saturday evening at the town hall, at which time it is proposed to put the finishing touches to the organization.

It may have occurred to some that because there were objections to the council closing the contract for a water system for the town of Chester, the idea of perfecting a volunteer fire department had been given up. To all persons laboring under this delusion it might be well to say there will be a fire department in Chester, and it will be an organization which is certain to be a credit to the men composing it, as well as an institution of which the town may well be proud. It will be remembered that following the last meeting held by the men of Chester looking to the organization of a volunteer department, a list of names were sent to the county clerk at New Cumberland—a formality, by the way, which the law requires—and the parties promoting the scheme have merely been awaiting a reply from that official. The answer is said to have arrived and is now in the hands of the proper authorities at Chester.

It is now proposed to go right ahead with the organization and nothing will be omitted which will add to its influence and efficiency. The original plans have been altered but little, and it is still the intention to have two branches of the company—one in the upper end of the town, with headquarters at some point near the street railway car barns and another in the vicinity of Carolina avenue and Second street. A large number of men have signified their willingness to assist in the work, and from this number two thoroughly competent companies will be formed. The number of available men is far in excess of the requirements, so the promoters may have a pick and choice. Each branch is to have a head, and these captains in turn will be under direction of a chief. This latter officer, it is thought, should be selected by the men who will constitute the companies and then confirmed by the council. When the plans have been worked out it is certain the department will be a credit to the town.

Meantime the town council will go right ahead with the contract for a water supply, and there is no doubt that the new fire department will be given all the encouragement it needs from the city dads. The meeting on Saturday night will be well attended, and when it has adjourned the organization will be ready to proceed with the work in hand.

ANNUAL BANQUET OF THE EAGLES

A FIRST-CLASS AFFAIR, ENJOYABLE THROUGHOUT.

About 200 Guests Participated—Music, Speaking And Dancing Were Features.

Everything in the world to eat, the best music ever played and all the features incident to such an occasion in perfect harmony, made the first annual banquet of the Eagles, given last night in the beautiful rooms of the lodge on Market street, one of the most notable social functions of the season. From 9 o'clock until early this morning more than 200 people enjoyed the brilliant festivities, and when all departed words were inadequate to express their appreciation of the hospitality extended them.

Dancing, which was the principal diversion, was discontinued at 11 o'clock to allow the guests, composed mostly of ladies and members of the order not on the catering committee, to partake of a repast unexcelled for both quality and quantity. While the joyous crowd feasted at the festive board selections rendered by the orchestra added to the pleasure, and when the elaborate luncheon was finished the time was most appropriate for the toasts. Worthy President Henry E. Bullock, who had welcomed the crowd in his characteristic manner, which is ever agreeable, acted as an efficient toastmaster and called upon Worthy Chaplain Criss McConnell and Trustee C. G. Byron to respond. The two gentlemen covered themselves with glory, making hits with the ladies. Mr. McConnell spoke on "Fraternalism," and handled the toast admirably. Mr. By-

ron spoke about "The Ladies," and his remarks, overflowing with wit and humor, were highly appreciated.

The luncheon and toasting concluded, the merry crowd adjourned again to the dancing parlor and continued the enjoyable pastime for several hours.

To George Parry and 10 others the order extended thanks for the sumptuous repast and for the music McGraw's orchestra received the praise,

ODD FELLOWS SELECT ROCK SPRINGS PARK

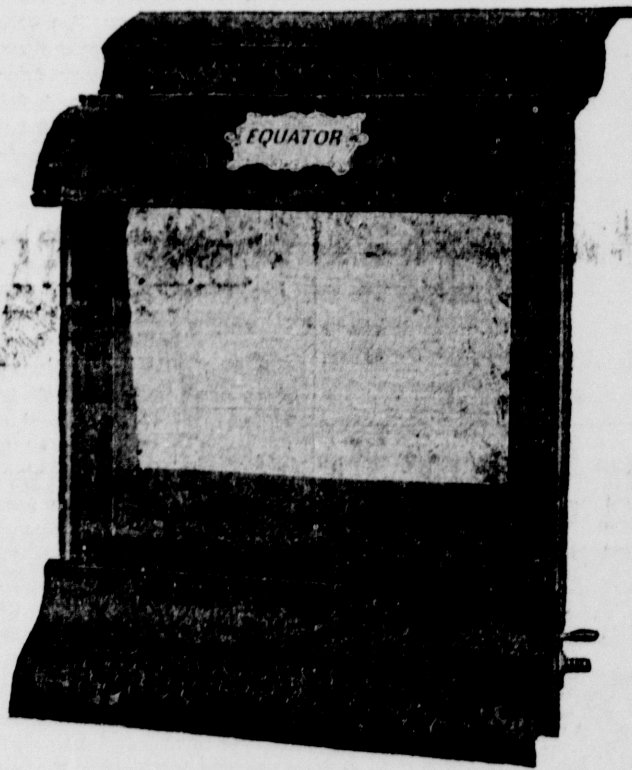

Will Hold Their Next District Picnic At That Resort on June 15.

The representatives of the Odd Fellows lodges, who assembled at Steubenville last evening for the purpose of arranging for a mammoth picnic, selected Rock Springs park as the place and fixed June 15 as the date. About a dozen lodges were represented and pledges of support from others were received. The picnic is to include all the lodges in the Ohio Valley and will be a mammoth affair.

George H. Owen, of the local lodge, was continued as chairman of the picnic committee, and it was through his efforts that the picnic was secured for the local park. He was given power to name the different sub-committees and he will do so at the proper time. The reception committee is to consist of members of the East Liverpool and Wellsville lodges.

THE SCORE WAS 14 TO 10

First Half Under National Rules Gave
Visitors Lead, 11 to 4, And Locals

tion Rules in Second Half.

The famous Southside basket ball team, champions of the Allegheny county major league and possessors of many trophies and titles, were played to a standstill last night at the Rock Springs pavilion by the East Liverpool five and though the visitors won, it was only after the hardest struggle they ever engaged in and by the close score of 14 to 10. Not only were the players compelled to struggle as they never had before, but their two hundred followers who came in on a special train were completely bluffed by the local enthusiasts who were willing to bet even money that Manager Gallimore's boys would win. When the money was flourished under their noses they failed to make the necessary and proper response. One squeal was that they wanted odds of 2 to 1.

Nearly 1,500 people saw the locals go down to defeat, the second time this season at the hands of the Southsiders. Every available seat had been taken some time before the announced hour and many were standing at the rear of the seats, both down stairs and in the balcony. No seats had been reserved for the Pittsburgh rosters, quite a number of whom were ladies, and as a special courtesy they were given places on the orchestra platform. The Pittsburgh train was late in arriving and the team did not reach the pavilion until 9 o'clock. The game was nearly an hour late in starting. From 8:15 until almost 9:30 the local rosters kept up a continual din with their horns, bells and megaphones. When the local players took the floor for practice pandemonium reigned. The spectators enjoyed the preliminary work and cheered and applauded all the time the players were on the floor.

Shortly before the Southsiders appeared the local players retired to their dressing room and when the visitors came onto the floor on the run they were given a great reception. It was nothing to the ovation to the

home players a few moment later, however.

Under the agreement one half was to be played under national and the other under association rules. The national rules permit of rougher play, a great handicap to the locals when playing a heavier team. Manager Gallimore concluded to have the worst over at the start and chose to play the first half under the rougher rules. The locals played to hold the score as close as possible in this half, hoping to overcome any lead in the second, when the rules would protect them from rough tactics. None expected the locals to outpoint the visitors under the national rules and the half resulted about as expected, the Southsiders scoring 4 field and 3 foul goals, while the locals had 4 foul throws.

Ernest Seibel, the well known Pittsburgh basket ball player, who is on the team with Hans Wagner and Deacon Philippi, of the Pirates, refereed the first half and made a most acceptable official. He called 7 fouls on the Southsiders and 6 on the locals and from them Rigby made 4 baskets and Liebau 3. The half started off like a whirlwind and ended in the same way. The play was rough enough to remind one of Rugby football. Chadwick was better equipped than his teammates for the rough work and he put up a sensational game, his tackling keeping down the number of goals. All the players were handicapped by the slippery floor and several of them had hard falls. Chadwick had his eye hurt and Leithead cut a gash on his right temple. Liebau fell and delayed the game until he felt like going on again. Later in the half Chadwick threw him and laid him out.

Liebau played the star game for the Southsiders and Seibel played in great form. Without these two men the team would be but ordinary. The locals played in hard luck in the first half, several of their goal shots spinning around the ring of the basket only to fall the wrong way.

That the Southsiders feared defeat in the second half was apparent before the ball had been in play two minutes. One of the players committed a foul and when Zang called it there was a big kick. The Pittsburgh rosters jumped onto the floor to protest and the players donned their sweaters as if to quit. Even after Zang showed them the rule they refused to go on. It was a ruse to intimidate Zang but it failed and he continued to call the fouls as often as they were made.

The second half was full of strenuous play, the locals working hard to overcome the odds against them, but they were pursued by the same hard luck and their shots from the field, except in one instance, would not go true. The Southsiders played with a desperation born of fear and it was only by the fastest work ever seen here that the locals were kept from running up their score. Liebau scored a pretty field goal in the second half and Rigby scored the only one of the entire game for the home boys. Seibel's work in the second half was sensational.

Tom O'Rourke is trying to force Joe Wolcott into a meeting with Darry Temple. Three Boston clubs will bid for the bout, if it is arranged.

Steve Crosby, the Louisville colored light-weight, is satisfied he can defeat Joe Gans. He has met the champion several times and last March gave Joe a hard battle at Hot Springs, but lost the decision. He has secured another meeting with Gans and it will be decided in Terra Haute, Ind., Christmas eve.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. REALM OF SPORTS

SOUTHSIDERS WON FROM LOCAL FIVE

Game Was Fast and Furious and 1500 People Witnessed It.

THE SCORE WAS 14 TO 10

First Half Under National Rules Gave Visitors Lead, 11 to 4, And Locals Failed to Even Up Under Association Rules in Second Half.

The famous Southside basketball team, champions of the Allegheny county major league and possessors of many trophies and titles, were played to a standstill last night at the Rock Springs pavilion by the East Liverpool five and though the visitors won, it was only after the hardest struggle they ever engaged in and by the close score of 14 to 10. Not only were the players compelled to struggle as they never had before, but their two hundred followers who came in on a special train were completely bluffed by the local enthusiasts who were willing to bet even money that Manager Gallimore's boys would win. When the money was flourished under their noses they failed to make the necessary and proper response. One squeal was that they wanted odds of 2 to 1. Nearly 1,500 people saw the locals go down to defeat, the second time this season at the hands of the Southsiders. Every available seat had been taken some time before the announced hour and many were standing at the rear of the seats, both down stairs and in the balcony. No seats had been reserved for the Pittsburgh rooters, quite a number of whom were ladies, and as a special courtesy they were given places on the orchestra platform. The Pittsburgh train was late in arriving and the team did not reach the pavilion until 9 o'clock. The game was nearly an hour late in starting. From 8:15 until almost 9:30 the local rooters kept up a continual din with their horns, bells and megaphones. When the local players took the floor for practice pandemonium reigned. The spectators enjoyed the preliminary work and cheered and applauded all the time the players were on the floor. Shortly before the Southsiders appeared the local players retired to their dressing room and when the visitors came onto the floor on the run they were given a great reception. It was nothing to the ovation to the

home players a few moment later, however.

Under the agreement one half was to be played under national and the other under association rules. The national rules permit of rougher play, a great handicap to the locals when playing a heavier team. Manager Gallimore concluded to have the worst over at the start and chose to play the first half under the rougher rules. The locals played to hold the score as close as possible in this half, hoping to overcome any lead in the second, when the rules would protect them from rough tactics. Nong expected the locals to outpoint the visitors under the national rules and the half resulted about as expected, the Southsiders scoring 4 field and 3 foul goals, while the locals had 4 foul throws.

Ernest Seibel, the well known Pittsburgh basketball player, who is on the team with Hans Wagner and Deacon Philippi, of the Pirates, refereed the first half and made a most acceptable official. He called 7 fouls on the Southsiders and 6 on the locals and from them Rigby made 4 baskets and Liebau 2. The half started off like a whirlwind and ended in the same way. The play was rough enough to remind one of Rugby football. Chadwick was better equipped than his teammates for the rough work and he kept up a sensational game, his tackling keeping down the number of goals. All the players were handicapped by the slippery floor and several of them had hard falls. Chadwick had his eye hurt and Leithead cut a gash on his right temple. Liebau fell and delayed the game until he felt like going on again. Later in the half Chadwick threw him and laid him out.

Liebau played the star game for the Southsiders and Seibel played in great form. Without these two men the team would be but ordinary. The locals played in hard luck in the first half, several of their goal shots spinning around the ring of the basket only to fall the wrong way.

That the Southsiders feared defeat in the second half was apparent before the ball had been in play two minutes. One of the players committed a foul and when Zang called it there was a big kick. The Pittsburgh rooters jumped onto the floor to protest and the players donned their sweaters as if to quit. Even after Zang showed them the rule they refused to go on. It was a ruse to intimidate Zang but it failed and he continued to call the fouls as often as they were made.

The second half was full of strenuous play, the locals working hard to overcome the odds against them, but they were pursued by the same hard luck and their shots from the field, except in one instance, would not go true. The Southsiders played with a desperation born of fear and it was only by the fastest work ever seen here that the locals were kept from running up their score. Liebau scored a pretty field goal in the second half and Rigby scored the only one of the entire game for the home boys. Seibel's work in the second half was sensational.

Following are the summaries:

Southside—14—Liebau, r. f.; Leithead, l. f.; Nickel, center; Seibel, r. g.; Windknecht, l. g.
East Liverpool—10—Allison, r. f.; Bloor, Powell, l. f.; Rigby, center; Watkin, r. g.; Chadwick, l. g.
Field goals—Liebau 2, Nickel 1, Seibel 1, Windknecht 1, Rigby 1.
Foul goals—Liebau 4, Rigby 8.
Referees—Ernest Seibel and Zang.
Time—20-minute halves.

SPORTING MISCELLANY.
Belief Walcott is touted as a center by the Boston critics. He is a brother of the famous Joe, but not quite as heavy.

A boxing club at McKeesport, Pa., has first call on Jack Munroe. Just who will meet him there is yet to be determined.

Frankie Neal, the bantam champion, says the late champion, Harry Forbes, can have another match as soon as he wants it.

The manager of Chester Goodwin has asked for a match with Terry McGovern at 128 pounds, although Goodwin can make 122 handily.

Tom O'Rourke is trying to force Joe Wolcott into a meeting with Darry Temple. Three Boston clubs will bid for the bout, if it is arranged.

Steve Crosby, the Louisville colored light-weight, is satisfied he can defeat Joe Gans. He has met the champion several times and last March gave Joe a hard battle at Hot Springs, but lost the decision. He has secured another meeting with Gans and it will be decided in Terra Haute, Ind., Christmas eve.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly it doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any symptoms are felt. The blood is the first point of attack, and the poisonous acids that cause the aches and pains are then distributed through the circulation to different parts of the system, and settle in joints, muscles and nerves; and when the system is in this condition it needs only some exciting cause like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acid matter in the joints and muscles. Some people are almost helpless from the first, while others have occasional spells or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form. It grows worse as we grow older, and frequently stiffens the joints, draws the muscles out of shape and breaks down the nervous system. A disease that originates in the blood, as Rheumatism does, cannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medicine accomplishes this in so short a time as S.S.S., which not only neutralizes the acids and counteracts the poisons, but builds up the general health at the same time.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

Mrs. Laura S. Webb.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

A million suffering women have found relief in Wine of Cardui.

MEETING OF POTTERS

Hold Their Twenty-fifth Annual Convention in City of Washington.

PAST YEAR A RECORD BREAKER

More New Factories and Kilns Placed In Operation Than in Any Previous Year—President Lee's Address—Legislation Should Be Watched.

Washington, Dec. 2.—The twenty-fifth annual convention of the United States Potters' association began here.

In his annual address President Joseph G. Lee, of Ohio, said the past year would be remembered as one when perhaps more new factories and more new kilns had been placed in operation than in any year in the history of the industry. He declared that the manufacturing potters are as patriotic as any citizen, and when he asked a continuance of that "wise policy of protection to American industry and American labor we only voice that which the patriotic, broad-minded statesman, the late lamented President McKinley, believed and spent the best years of his life to investigate, and because of which the people of this whole nation have prospered."

The president said the potters should be ever on the alert to combat any legislation that would tend in any way to the injury of their industry. Perhaps the most serious question that had confronted the potters, he declared, was the reported undervaluation of many classes of goods coming to this country. President Lee advocated the appointment of special customs officers to inspect and appraise all pottery products coming into this country. He also referred to freight rates, and in making a comparison between the rates from foreign ports to this country and the local rates he said in some instances the latter are exceedingly high.

The report of the committee on fixing prices consumed much time. Some of the prices named excited considerable discussion and the committee was asked to bring in a supplementary report.

LAWMAKERS TAKE A REST.
House and Senate Adjourn Until Friday—Little Business Done.

Washington, Dec. 2.—The senate was in open session 30 minutes. After receiving a number of bills, resolutions and petitions and spending some time in executive session the senate adjourned over until Friday. A majority of the bills offered were for private pensions and most of the petitions for the expulsion of Mr. Smoot (Rep., Utah). As usual, Mr. Cullom (Rep., Ill.) called up the Cuban reciprocity bill, but as no one manifested a desire to address the senate upon it, the bill went over.

The house after being in session for a little more than an hour adjourned until Friday. The time was chiefly consumed in a tariff debate.

Street Car System Sold.
Lincoln, Neb., Dec. 2.—The Lincoln Traction company's property, comprising practically the entire street car system of the city, was sold at auction in foreclosure proceedings to satisfy a tax lien of the city of Lincoln. Charles A. Frueauff, a stranger, bought the property on a bid of \$1,160,000. By the terms of the court order he was required to deposit but \$500 until the sale is confirmed. Mr. Frueauff would make no statement as to what interests, if any but himself, he represented.

Charred Body Found in Ruins.
New York, Dec. 2.—The body of a man charred beyond recognition was found in the ruins of the Brooklyn Academy of Music. It is thought to be that of Walter Brooks, who was employed in putting up the decorations in the academy and who has been missing since the fire.

Ambassador Meyer Injured.
Rome, Dec. 2.—United States Ambassador Meyer, who fell from his horse while fox hunting in the outskirts of Rome, was not seriously hurt, his injuries consisting merely of bruises. Although confined to his room he has not been compelled to take to his bed.

An Expensive Lunch.
Morristown, N. J., Dec. 2.—While the ticket agent at the Delaware, Lackawanna and Western railroad station was out to lunch a thief broke into the office and stole \$271, over-looking a package containing nearly \$3,000 which was in the agent's desk.

University Will Get Christmas Gift.
Chicago, Dec. 2.—John D. Rockefeller will make his usual Christmas present to the university of Chicago this year. His special educational agent, Starr J. Murphy, is inspecting the various departments of the institution for the first time.

Sisters Have Fatal Quarrel.
Glens Falls, N. Y., Dec. 2.—As the result of a quarrel Mrs. Emma Miller was shot and perhaps fatally wounded at her home here by her sister, Mary Montgomery. Mrs. Miller recently came here from Sharpville, Pa.

Centenarian Dead.
La Crosse, Wis., Dec. 2.—Thomas Flannery, a prominent farmer and believed to be the oldest man in western Wisconsin, is dead, aged 101.

MORRIS ENDORSED FOR ANOTHER TERM

It is Expected That the Railroad Commissioner Will Be Continued in Office.

Columbus, December 2.—(Special.)—Hon. J. C. Morris, of Youngstown, state railroad commissioner, has been endorsed by the railroad men of Columbus for re-appointment under the administration of Governor-elect Herrick. This action would not have been taken for some time yet, as Mr. Morris has 18 months to serve before his present term expires, but for the receipt of a circular letter asking the support of the organization for a Cleveland aspirant.

As a special mark of esteem for Mr. Morris, the organization rejected the circular and at once endorsed him. Mr. Morris has made a splendid record and it is expected he will be continued in his present position. This would be pleasing to railroad men in general throughout the state. He had the active support of Columbiana county railroad men when he was an applicant for the office three years ago and they are believed to be for him still.

YOUNGSTOWN & SOUTHERN RAILROAD MORTGAGE

Given to Secure the 25 Year Gold Bonds—R. L. Andrews Chosen Superintendent.

Columbus, December 2.—(Special.)—Further information has been received here in financial circles of the filing of a mortgage by the Youngstown & Southern Electric Railway company to the Continental Trust company, of New York, as trustee, to secure \$1,500,000 of 20-year five per cent gold bonds. This road is to connect Youngstown and East Liverpool, with Salem and Leetonia on a branch. R. L. Andrews, of Cleveland, formerly superintendent of the East Liverpool street railway line, will be general manager of the new company.

The bonds are due October 1, 1903, interest payable April 1 and October 1. After two years the sinking fund is to receive each year an amount of money equal to two per cent of the outstanding bonds for their payment and maturity or their purchase from time to time in the open market.

CONTENDS THAT LAW DOES NOT APPLY

Narrow Gauge Railroad's Excuse for Not Having Automatic Couplers on Cars.

Columbus, December 2.—(Special.)—Attorney General Sheets has begun suit in the common pleas court of Franklin county for the collection of \$5,000 penalty from the Ohio River & Western Railway company, formerly the B. Z. & C., operating between Zanesville and Bellaire, for failing to comply with the law requiring the use of automatic couplers on cars. The law was enacted in 1890, but 10 years were allowed companies in which to install this equipment.

The officials of the road contend that as it was a narrow gauge and is not engaged in interstate commerce it does not come within the mandate of the act.

"Christmas on the Stage"

Is the title of a most interesting story in the Christmas Metropolitan Magazine, cleverly told by Gustav Kobbé, who seems to live and breathe in the theatrical world, and knows the people of the stage, their lives and their ways, better than anyone else. He tells in an absorbingly entertaining way of how the stage folk celebrate Christmas; how Richard Mansfield and others provide entertainment and gifts for their whole company; how Annie Russell remembers her associates. Besides this, there are

RHEUMATISM IN ELBOWS, WRISTS AND KNEES.

Urbana, Ohio, Aug. 25, 1903.
Last winter I had a severe attack of Rheumatism. It started in the right elbow, and from there to my wrists; the right wrist was the worst. It became swollen and extremely painful. My left knee joint was the next place to be attacked. It became swollen and of course painful. The next point to be affected was the hip and ankle, which gave me much trouble. I was barely able to get about for some time. I was under treatment of a physician for a while, but getting no better I began S. S. S., and after taking it for some time I was entirely relieved of the Rheumatism. All swelling and soreness disappeared. I consider S. S. S. an excellent remedy for Rheumatism and all troubles having their origin in the blood.

He also referred to freight rates, and in making a comparison between the rates from foreign ports to this country and the local rates he said in some instances the latter are exceedingly high.

The report of the committee on fixing prices consumed much time. Some of the prices named excited considerable discussion and the committee was asked to bring in a supplementary report.

LAWMAKERS TAKE A REST.

House and Senate Adjourn Until Friday—Little Business Done.

Washington, Dec. 2.—The senate was in open session 30 minutes. After receiving a number of bills, resolutions and petitions and spending some time in executive session the senate adjourned over until Friday. A majority of the bills offered were for private pensions and most of the petitions for the expulsion of Mr. Smoot (Rep., Utah). As usual, Mr. Cullom (Rep., Ill.) called up the Cuban reciprocity bill, but as no one manifested a desire to address the senate upon it, the bill went over.

The house after being in session for a little more than an hour adjourned until Friday. The time was chiefly consumed in a tariff debate.

Street Car System Sold.

Lincoln, Neb., Dec. 2.—The Lincoln Traction company's property, comprising practically the entire street car system of the city, was sold at auction in foreclosure proceedings to satisfy a tax lien of the city of Lincoln. Charles A. Frueauff, a stranger, bought the property on a bid of \$1,160,000. By the terms of the court order he was required to deposit but \$500 until the sale is confirmed. Mr. Frueauff would make no statement as to what interests, if any but himself, he represented.

Charred Body Found in Ruins.

New York, Dec. 2.—The body of a man charred beyond recognition was found in the ruins of the Brooklyn Academy of Music. It is thought to be that of Walter Brooks, who was employed in putting up the decorations in the academy and who has been missing since the fire.

Ambassador Meyer Injured.

Rome, Dec. 2.—United States Ambassador Meyer, who fell from his horse while fox hunting in the outskirts of Rome, was not seriously hurt, his injuries consisting merely of bruises. Although confined to his room he has not been compelled to take to his bed.

An Expensive Lunch.

Morristown, N. J., Dec. 2.—While the ticket agent at the Delaware, Lackawanna and Western railroad station was out to lunch a thief broke into the office and stole \$271, overhoking a package containing nearly \$3,000 which was in the agent's desk.

University Will Get Christmas Gift.

Chicago, Dec. 2.—John D. Rockefeller will make his usual Christmas present to the university of Chicago this year. His special educational agent, Starr J. Murphy, is inspecting the various departments of the institution for the first time.

Sisters Have Fatal Quarrel.

Glens Falls, N. Y., Dec. 2.—As the result of a quarrel Mrs. Emma Miller was shot and perhaps fatally wounded at her home here by her sister, Mary Montgomery. Mrs. Miller recently came here from Sharpsville, Pa.

Centenarian Dead.

La Crosse, Wis., Dec. 2.—Thomas Flannery, a prominent farmer and believed to be the oldest man in western Wisconsin, is dead, aged 101.

MORRIS ENDORSED FOR ANOTHER TERM

It is Expected That the Railroad Commissioner Will Be Continued in Office.

Columbus, December 2.—(Special.)—Hon. J. C. Morris, of Youngstown, state railroad commissioner, has been endorsed by the railroad men of Columbus for re-appointment under the administration of Governor-elect Herrick. This action would not have been taken for some time yet, as Mr. Morris has 18 months to serve before his present term expires, but for the receipt of a circular letter asking the support of the organization for a Cleveland aspirant.

As a special mark of esteem for Mr. Morris, the organization rejected the circular and at once endorsed him. Mr. Morris has made a splendid record and it is expected he will be continued in his present position. This would be pleasing to railroad men in general throughout the state. He had the active support of Columbiana county railroad men when he was an applicant for the office three years ago and they are believed to be for him still.

YOUNGSTOWN & SOUTHERN RAILROAD MORTGAGE

Given to Secure the 25 Year Gold Bonds—R. L. Andrews Chosen Superintendent.

Columbus, December 2.—(Special.)—Further information has been received here in financial circles of the filing of a mortgage by the Youngstown & Southern Electric Railway company to the Continental Trust company, of New York, as trustee, to secure \$1,500,000 of 20-year five per cent gold bonds. This road is to connect Youngstown and East Liverpool, with Salem and Leetonia on a branch. R. L. Andrews, of Cleveland, formerly superintendent of the East Liverpool street railway line, will be general manager of the new company.

The bonds are due October 1, 1903, interest payable April 1 and October 1. After two years the sinking fund is to receive each year an amount of money equal to two per cent of the outstanding bonds for their payment and maturity or their purchase from time to time in the open market.

CONTENDS THAT LAW DOES NOT APPLY

Narrow Gauge Railroad's Excuse for Not Having Automatic Couplers on Cars.

Columbus, December 2.—(Special.)—Attorney General Sheets has begun suit in the common pleas court of Franklin county for the collection of \$5,000 penalty from the Ohio River & Western Railway company, formerly the B. & Z. & C., operating between Zanesville and Bellaire, for failing to comply with the law requiring the use of automatic couplers on cars. The law was enacted in 1890, but 10 years were allowed companies in which to install this equipment.

The officials of the road contend that as it was a narrow gauge and is not engaged in inter-state commerce it does not come within the mandate of the act.

"Christmas on the Stage"

Is the title of a most interesting story in the Christmas Metropolitan Magazine, cleverly told by Gustav Kobbé, who seems to live and breathe in the theatrical world, and knows the people of the stage, their lives and their ways, better than anyone else. He tells in an absorbingly entertaining way of how the stage folk celebrate Christmas; how Richard Mansfield and others provide entertainment and gifts for their whole company; how Annie Russell remembers her associates. Besides this, there are

MEXICO AS A FIELD FOR INVESTMENT

CHEAPNESS OF MONEY AND LABOR IN THAT COUNTRY.

Constantly Increasing Demand for Products Make the Planters Rich.

The Chicago Banker and Investor, a leading journal of its class in the United States, in a recent issue says editorially: "During the past two or three years a great deal of information regarding Mexico as a field for investment has been sought, and the more thoroughly different lines of enterprise are investigated the more satisfactory appears the field. Probably no country offers more inviting investments for the small capitalist. This is due principally to two causes. One is the depreciation of silver, by reason of which the investor of \$1,000 in gold can secure over double the amount in silver. The other is cheap labor which is in some localities, superabundant. Thus the owner of a small capital in gold has a double advantage. He has a larger capital to work upon, all the expenses being paid in silver, while the cheap labor, which will average 50 cents a day, is paid in silver. Thus the expense of a plantation is only about 25 per cent of the expense of a similar plantation in the United States. Take sugar or tobacco, for instance, both of which products are raised in the United States. The Mexican planter sells his product at a high price, while at the same time he is able to produce it at a quarter of the expense. This is to say, labor costing in the United States \$1.00 a day, costs only 50 cents in Mexican silver, or 25 cents in gold. The difference between 25 cents and \$1.00 is 75 cents, which is naturally in favor of the Mexican producer, when his product comes into competition with that of the United States planter in the markets of the world. One other advantage is that while the United States sugar planter is compelled to plant his crop each year, the Mexican planter does so only once in from six to twelve years.

"Advices from the department of agriculture disclose a constantly decreasing supply of rubber. Unless other rubber forests are soon discovered, the commodity is sure to double in price."

His Foot Cut Off.—Lisbon, December 2.—(Special.)—Oscar McCord, the young man who had his right hand and fore arm mangled by a corn shredder on the Anthony Rice farm Saturday evening, submitted to the amputation of the injured member last evening. Drs. G. H. Albright and W. C. Nevin, of Lisbon, and W. N. Gilmore, of West Point, performed the operation, taking off the arm just below the elbow.

SOCIAL EVENTS

EAST LIVERPOOL TO PROVIDE DINNER

This City Expected to Supply Christmas Dainties for Fairmount Home Inmates This Year.

Supt. M. M. Southworth, of the Fairmount Children's home, today sent word to East Liverpool friends of the institution that, in accordance with the usual custom of furnishing Christmas dinners to the inmates of the home, it was the turn of this city to provide the dinner this year. It is customary for different cities and towns in the district to take turns in supplying the annual Christmas dinner, and the result is always most satisfactory. East Liverpool last furnished the Christmas dinner about nine years ago.

Probably the notification will result in immediate steps being taken here to see that the orphan children's needs are carefully looked after at Christmas time. There are 125 inmates in the home today, and Supt. Southworth reports the institution flourishing and everything moving satisfactorily.

CIRCLE PROSPERING

Inspecting Officer Finds the Ladies of the G. A. R. in Excellent Condition.

The most interesting meeting of the Ladies of the G. A. R., McCoy Circle, No. 33, which has ever been held since the organization a year ago, took place yesterday afternoon in G. A. R. hall. Mrs. Fannie Wylie, president of McCoy Circle in this city, presided at the meeting and introduced Mrs. Freeman, department inspector of Ohio, who made the inspection of the order and reported it in excellent condition.

Mrs. M. Anna Hall, of Wheeling, was also present and made an excellent address. Mrs. Hall is past national president. Since the organization of McCoy Circle, 40 members have been enrolled and are making wonderful progress in the work.

Mrs. Wylie entertained these prominent ladies at a 6 o'clock dinner last evening, and the affair was most enjoyable. The meeting was held in the hall of McCoy Circle.

Entertained the Rebekahs.

Mr. and Mrs. Thomas Harsha, of Pennsylvania avenue, East End, entertained about 40 members of the Degree of Rebekah, of this city, last night. This was the first of a series of winter socials under the auspices of the order and was greatly enjoyed by all. The evening was pleasantly whiled away in games, music and other diversions and tempting refreshments were served.

Lutheran Mission League.

The annual convention of the Central Mission League of the Pittsburgh Synod of St. John's Evangelical Lutheran church will meet at Freedom, Pa., tomorrow. St. John's Evangelical Lutheran church of this city will be well represented by delegates, who are, Mrs. Frank Buxton and Mrs. Henry Schreiber. Mrs. Christian Kinsvatter and Mrs. Charles Bauman were appointed alternates.

Pleasant Surprise.

A pleasant surprise party was tendered Mrs. Silas Dixon, of Rural lane, last evening, there being about 40 of her friends present. Many of the guests were from the country and brought with them tempting vands. The evening was given over to the enjoyment of games and music and all had a pleasant time.

Dinner Party.

Mr. and Mrs. Enoch Elden gave a dinner party today at noon at their home on Thompson avenue in honor of Mrs. Belle Johnson, of England. Among the guests present were Mrs. Mattie Watson, Mrs. Maud Bean and Mrs. Alvin H. Bulger.

Rummage Sale Still On.

The rummage sale conducted by the Ladies' auxiliary of the Y. M. C. A.

on Market street, below Fourth, is still on and will continue for a week. The patronage is great and the stock has recently been replenished in many lines. Great bargains are offered, especially in the matter of women's and girls' coats and jackets, of which there is a great assortment, from which the buyer can make a selection for 25 cents.

THE GRAND RALLY A BIG SUCCESS

SONS OF TEMPERANCE HAD A FINE ENTERTAINMENT

Initiated 15 Candidates and Enjoyed a Good Musical and Literary Program.

The grand rally of the Sons of Temperance held last night by Landmark Division, No. 4, in I. O. O. F. hall, was well attended and a great success. Welcome Division, No. 8, of East End, and Rescue Division, No. 9, of Wells-ville, were well represented.

The national organizers, Profs. Blair and Rockwood, were present. The latter gentleman is a celebrated baritone singer and rendered a number of vocal and instrumental selections in excellent style and received great applause. Fifteen candidates were initiated.

Prof. Rockwood stated in an address to the body that to say the organizers were well pleased with the progress of the three divisions represented was only putting it in the mildest form. He complimented the initiatory work very highly, stating that he should have been very proud for the national officers to have been present and witnessed the work, as he never had seen better work done by divisions that had existed a number of years.

After the business meeting a brief musical and literary program was rendered and highly appreciated. The box social feature was also interesting and thoroughly enjoyed. The music included selections by the Dalton quartet, song by Prof. Blair, piano duet by Misses Mary Wilshaw and Ida Moss, recitation by Prof. Rockwood, piano solo by Prof. Blair, "Goodnight" by the Dalton quartet. Encores were numerous. Prof. Rockwood made a short address to the body, and was an eloquent and interesting speaker.

A grand division of the Sons of Temperance will be organized at Sallenville Wednesday, December 9. The organization work is progressing favorably all through the county and vicinity. The following delegates were elected to represent Landmark Division in the grand body: Worthy Patriarch L. C. Nease, Worthy Associate Miss Jessie Calhoun, Recording Ecirbe Miss Mary Wilshaw.

Rescue Division will have a grand rally tonight in G. A. R. hall, Wells-ville.

DOWIE A BANKRUPT

Court Takes Possession of all the Property in Zion City, Ill.

HARD PRESSED BY CREDITORS

Assets of Dowie's Organization Many Millions — Affairs Complicated —

Workmen in Factories Said to Have Had No Pay for Weeks.

Chicago, Dec. 2.—Financial difficulties which began during the crusade of John Alexander Dowie, the self-styled Elijah Ill. and his restoration host to New York a month ago, and which have been rapidly increasing since Dowie's return, culminated in the federal courts taking possession of all the property controlled by Dowie in Zion City, Ill. This town, which was founded two years ago by Dowie, has a population of over 10,000, is the general headquarters for Dowie's church and is said to represent an expenditure of \$20,000,000.

Fred M. Blint, cashier of the Chicago National bank, and Albert D. Currier, a law partner of Congressman Boutell, were appointed receivers of the property. The bonds were fixed at \$100,000 by Judge Kohlsaat, of the United States district court, who made the appointment on the petition of several creditors. The receivers left for Zion City to take possession of the property.

Made Preferential Payment.—The bankruptcy proceedings against Dowie were based on the allegation that he is insolvent and that while in this financial condition he committed an act of bankruptcy by making a preferential payment on Nov. 2 to the Estreeter Lumber company for \$2,770. Dowie has been hard pressed by his creditors, and especially since it was announced that his recent mission to New York had proved unsuccessful financially.

Dowie is known to have accumulated a large sum as the head of the Christian Catholic church, the assets of the organization being estimated at between \$20,000,000 and \$30,000,000. There was a large outlay of money, however, when the city was started. Then lace and candy industries were started, and as both of these ventures have never been a paying investment a great deal more money was tied up. Dowie's differences with his brother-in-law, Stevenson, over the management of the lace factory cost more than \$100,000, and other suits recently begun in Lake county by creditors are said to aggregate a large sum. Attorney Ettelson, representing the petitioning creditors, in his arguments before Judge Kohlsaat, said:

Affairs Much Complicated.—"The creditors whom I represent have reason to believe that Dr. Dowie is insolvent. Judgments have been accumulating against him for several weeks past and there was every indication that the overseer of Zion congregation could not pay his debts. In such a crisis the creditors sought protection for their interests in the bankruptcy court. It is impossible to estimate the liabilities or assets of Dowie. Zion's affairs are complicated, and it will take several weeks, I believe, before any idea of Dowie's finances can be had."

Last Wednesday Dowie's first confession of weakness was made at a rally at Zion City.

"A lot of you people have cash in your pockets," Dowie said to his followers. "Dig down and get it out. It is God's and we need it in his work. You are cowards if you don't give it up. Deposit it."

Dowie talked in the same strain for more than an hour, tears glistening on his cheeks as he told of the financial straits in which the Zion industries found themselves.

Started Run on Bank.—Instead of frightening many into depositing, this appeal sent a long line of people to the bank on Friday, when they lined up at the paying teller's window, drawing out their money.

It is declared to be a fact that the employees of the manufacturing industries have not been paid in from four to six weeks. What little they have received is said to have been paid entirely in the Zion City coupon books. Early in the week before last Dowie made a personal trip through the various shops. It has been customary at Zion City to start each day's work in

He has a larger capital to work upon, all the expenses being paid in silver, while the cheap labor, which will average 50 cents a day, is paid in silver. Thus the expense of a plantation is only about 25 per cent of the expense of a similar plantation in the United States. Take sugar or tobacco, for instance, both of which products are raised in the United States. The Mexican planter sells his product at a high price, while at the same time he is able to produce it at a quarter of the expense. This is to say, labor costing in the United States \$1.00 a day, costs only 50 cents in Mexican silver, or 25 cents in gold. The difference between 25 cents and \$1.00 is 75 cents, which is naturally in favor of the Mexican producer, when his product comes into competition with that of the United States planter in the markets of the world. One other advantage is that while the United States sugar planter is compelled to plant his crop each year, the Mexican planter does so only once in from six to twelve years.

His Foot Cut Off.

Lisbon, December 2.—(Special.)—Oscar McCord, the young man who had his right hand and fore arm mangled by a corn shredder on the Anthony Rice farm Saturday evening, submitted to the amputation of the injured member last evening. Drs. G. H. Albright and W. C. Nevin, of Lisbon, and W. N. Gilmore, of West Point, performed the operation, taking off the arm just below the elbow.

EAST LIVERPOOL TO PROVIDE DINNER

This City Expected to Supply Christmas Dainties for Fairmount Home Inmates This Year.

Supt. M. M. Southworth, of the Fairmount Children's home, today sent word to East Liverpool friends of the institution that, in accordance with the usual custom of furnishing Christmas dinners to the inmates of the home, it was the turn of this city to provide the dinner this year. It is customary for different cities and towns in the district to take turns in supplying the annual Christmas dinner, and the result is always most satisfactory. East Liverpool last furnished the Christmas dinner about nine years ago.

Probably the notification will result in immediate steps being taken here to see that the orphan children's needs are carefully looked after at Christmas time. There are 125 inmates in the home today, and Supt. Southworth reports the institution flourishing and everything moving satisfactorily.

CIRCLE PROSPERING

Inspecting Officer Finds the Ladies of the G. A. R. in Excellent Condition.

The most interesting meeting of the Ladies of the G. A. R., McCoy Circle, No. 33, which has ever been held since the organization a year ago, took place yesterday afternoon in G. A. R. hall. Mrs. Fannie Wylie, president of McCoy Circle in this city, presided at the meeting and introduced Mrs. Freeman, department inspector of Ohio, who made the inspection of the order and reported it in excellent condition.

Mrs. M. Anna Hall, of Wheeling, was also present and made an excellent address. Mrs. Hall is past national president. Since the organization of McCoy Circle, 40 members have been enrolled and are making wonderful progress in the work.

Mrs. Wylie entertained these prominent ladies at a 6 o'clock dinner, last evening, and the ladies part of the evening was spent in well-merited half of McCoy Circle.

Entertained the Rebekahs.

Mr. and Mrs. Thomas Harsha, of Pennsylvania avenue, East End, entertained about 40 members of the Degree of Rebekah, of this city, last night. This was the first of a series of winter socials under the auspices of the order and was greatly enjoyed by all. The evening was pleasantly whiled away in games, music and other diversions and tempting refreshments were served.

Lutheran Mission League.

The annual convention of the Central Mission League of the Pittsburgh Synod of St. John's Evangelical Lutheran church will meet at Freedom, Pa., tomorrow. St. John's Evangelical Lutheran church of this city will be well represented by delegates, who are, Mrs. Frank Buxton and Mrs. Henry Schreiber. Mrs. Christian Kinsvatter and Mrs. Charles Bauman were appointed alternates.

Pleasant Surprise.

A pleasant surprise party was tendered Mrs. Silas Dixon, of Rural lane, last evening, there being about 40 of her friends present. Many of the guests were from the country and brought with them tempting viands. The evening was given over to the enjoyment of games and music and all had a pleasant time.

Dinner Party.

Mr. and Mrs. Enoch Elden gave a dinner party today at noon at their home on Thompson avenue in honor of Mrs. Belle Johnson, of England. Among the guests present were Mrs. Mattie Watson, Mrs. Maud Bean and Mrs. Alvin H. Bulger.

Rummage Sale Still On.

The rummage sale conducted by the Ladies' auxiliary of the Y. M. C. A.

on Market street, below Fourth, is still on and will continue for a week. The patronage is great and the stock has recently been replenished in many lines. Great bargains are offered, especially in the matter of women's and girls' coats and jackets, of which there is a great assortment, from which the buyer can make a selection for 25 cents.

THE GRAND RALLY A BIG SUCCESS

SONS OF TEMPERANCE HAD A FINE ENTERTAINMENT

Initiated 15 Candidates and Enjoyed a Good Musical and Literary Program

The grand rally of the Sons of Temperance held last night by Landmark Division, No. 4, in I. O. O. F. hall, was well attended and a great success. Welcome Division, No. 8, of East End, and Rescue Division, No. 9, of Wells-ville, were well represented.

The national organizers, Profs. Blair and Rockwood, were present. The latter gentleman is a celebrated baritone singer and rendered a number of vocal and instrumental selections in excellent style and received great applause. Fifteen candidates were initiated.

Prof. Rockwood stated in an address to the body that to say that the organizers were well pleased with the progress of the three divisions represented was only putting it in the mildest form. He complimented the initiatory work very highly, stating that he should have been very proud for the national officers to have been present and witnessed the work, as he never had seen better work done by divisions that had existed a number of years.

After the business meeting a brief musical and literary program was rendered and highly appreciated. The box social feature was also interesting and thoroughly enjoyed. The music included selections by the Dalton quartet, song by Prof. Blair, piano duet by Misses Mary Wilshaw and Ida Moss, recitation by Prof. Rockwood, piano solo by Prof. Blair, "Goodnight" by the Dalton quartet. Encores were numerous. Prof. Rockwood made a brief address to the body, in which he stated that the Sons of Temperance is an organization of men who are determined to live for the good of the world.

A grand division of the Sons of Temperance will be organized at Salineville Wednesday, December 9. The organization work is progressing favorably all through the county and vicinity. The following delegates were elected to represent Landmark Division in the grand body: Worthy Patriarch L. C. Nease, Worthy Associate Miss Jessie Calhoun, Recording Scribe Miss Mary Wilshaw.

Rescue Division will have a grand rally tonight in G. A. R. hall, Wells-ville.

Behind the Bars.

Lisbon, December 2.—(Special.)—James Wilson, charged with furnishing liquor to a minor, and Andrew Call, charged with unlawful conduct, were brought from East Liverpool yesterday by the sheriff and landed in the county jail.

DOWIE A BANKRUPT

Court Takes Possession of all the Property in Zion City, Ill.

HARD PRESSED BY CREDITORS

Assets of Dowie's Organization Many Millions — Affairs Complicated — Workmen in Factories Said to Have Had No Pay for Weeks.

Chicago, Dec. 2.—Financial difficulties which began during the crusade of John Alexander Dowie, the self-styled Elijah II, and his restoration host to New York a month ago, and which have been rapidly increasing since Dowie's return, culminated in the federal courts taking possession of all the property controlled by Dowie in Zion City, Ill. This town, which was founded two years ago by Dowie, has a population of over 10,000, is the general headquarters for Dowie's church and is said to represent an expenditure of \$20,000,000.

Fred M. Blint, cashier of the Chicago National bank, and Albert D. Currier, a law partner of Congressmen Boutwell, were appointed receivers of the property. The bonds were fixed at \$100,000 by Judge Kohlsaat, of the United States district court, who made the appointment on the petition of several creditors. The receivers left for Zion City to take possession of the property.

Made Preferential Payment.
The bankruptcy proceedings against Dowie were based on the allegation that he is insolvent and that while in this financial condition he committed an act of bankruptcy by making a preferential payment on Nov. 2 to the Estreeter Lumber company for \$2,770. Dowie has been hard pressed by his creditors, and especially since it was announced that his recent mission to New York had proved unsuccessful financially.

Dowie is known to have accumulated a large sum as the head of the Christian Catholic church, the assets of the organization being estimated at between \$20,000,000 and \$30,000,000. There was a large outlay of money, however, when Zion City was started. Then lace and ready industries were started, and as both of these ventures have never been paying investment a great deal more money was tied up. Dowie's differences with his brother-in-law, Stevenson, over the management of the lace factory cost more than \$100,000, and other suits recently begun in Lake county by creditors are said to aggregate a large sum. Attorney Ettelson, representing the petitioning creditors, in his arguments before Judge Kohlsaat, said:

Affairs Much Complicated.
"The creditors whom I represent have reason to believe that Dr. Dowie is insolvent. Judgments have been accumulating against him for several weeks past and there was every indication that the overseer of Zion congregation could not pay his debts. In such a crisis the creditors sought protection for their interests in the bankruptcy court. It is impossible to estimate the liabilities or assets of Dowie. Zion's affairs are complicated, and it will take several weeks, I believe, before any idea of Dowie's finances can be had."

Last Wednesday Dowie's first confession of weakness was made at a rally at Zion City.

"A lot of you people have cash in your pockets," Dowie said to his followers. "Dig down and get it out. It is God's and we need it in his work. You are cowards if you don't give it up. Deposit it."

Dowie talked in the same strain for more than an hour, tears glistening on his cheeks as he told of the financial straits in which the Zion industries found themselves.

Started Run on Bank.

Instead of frightening many into depositing, this appeal sent a long line of people to the bank on Friday, when they lined up at the paying teller's window, drawing out their money.

It is Declared to be a Fact that the employees of the manufacturing industries have not been paid in from four to six weeks. What little they have received is said to have been paid entirely in the Zion City coupon books. Early in the week before last Dowie made a personal trip through the various shops. It has been customary at Zion City to start each day's work in

the shops with 15 minutes devoted to prayers. On the day in question it was said that Dowie went to each of the shops and talked for more than two hours to the employees. He told his followers and others that they must either wait for their salaries or must endure a substantial cut in wages. This was agreed to. In one shop a non-member of Dowie's flock asked Dowie why he was going to Australia if his finances were so bad.

"Perhaps I may not be able to go at all," quietly returned Dowie. "I may have to stay and see that things are set right before I leave."

GAVE HIMSELF UP.

Slayer of Girl at Havana, Ill., Surrenders to Missouri Police.

Macon, Mo., Dec. 2.—A young man who declares he is Frederick Strube, wanted at Havana, Ill., on the charge of having killed Alice Henninger, was arrested here. Strube had been working for a Macon county farmer and came to town, met Chief of Police Woods near the Wabash railroad station and gave himself up. Later in the day he was examined by City Attorney N. I. Lacy and admitted the charges against him. He said he struck Miss Henninger with a monkey wrench because she laughed at him when he pressed her to marry him. They were in a buggy and, he said, fell out of the vehicle during the struggle, and on the ground he again struck and killed her and afterward buried her body.

Strube said he went to Quincy, Ill., and while there passed a number of policemen on the street. During his story he broke down and cried many times. He said he is perfectly willing to go back to Illinois and "take my chances."

Strube declared he was driven to desperation by the refusal of the girl to marry him and that he was practically insane when he killed her.

A reward of \$1,400 is outstanding for his arrest and conviction. The prisoner is 20 years old and Miss Henninger was 22 years old.

Havana, Ill., Dec. 2.—Sheriff Booker left for Macon, Mo., to secure Frederick Strube, the alleged slayer of Alice Henninger, who was arrested there. The last seen of Miss Henninger she was in a buggy with Strube, whom she refused to marry. Failing to return a search was begun. Her body, badly beaten, was found by the roadside. Both were prominent socially.
